LEVEL UP JUST BY EATING

Taberu Dake de Level Up!
~Damegami to Issho ni Isekai Musou~

- Volume 1 -

AUTHOR:

Kt6o

ARTIST:

Chiri

[Translated by: kuronochan]

– SYNOPSIS –

The main character is summoned to a different world.

At first glance, he is a failure of an ability user who can only crack eggs with one hand.

However, in fact, he has an ability that enables him to gain skills and experience points just by eating.....

Light Novel Synopsis:

The Useless Goddess Laura whose only strong point is having huge breasts,

And the boy Kehma who was summoned to another world.

Gaining a cheat skill that absorbs the abilities of what he eats, he enjoys the other world life eating delicious monsters and playing with the easy to handle Goddess.

PROLOGUE

“T-The summoning, it’s successful.....”

The girl with a beautiful black hair tied with twin tails said.
You might not understand what she is saying.

But do not fret.
I don’t as well.

When I was in the mood for a walk, and started to think of going home because I got hungry.
Suddenly, I picked up a 10 yen coin and found a decrepit shrine.
Being decrepit made it look mysterious instead and made me feel that it has something.

That 10 yen coin was dirty too so I put it in the offertory box.
I said my prayer.

“I want to go to another world.”

And then, the shrine released a white light and I was summoned.

I looked around.
It looks like I’m inside a dim cave.

I am standing on top of a magic circle releasing a white light.
My age is the same just the same before I was summoned, around early 20’s.
The black twin tail girl who seem to be the one who summoned me said.

“My name is Laura Gine Amara! I am the Famous Great Goddess of Wisdom who summoned you to this world!”

“Well, nice to meet you?”

“And you who are summoned to this world should have a Famous Great Skill¹!!”

“Is that so?”

“People who are summoned, they should gain something after passing through the gate after all!”

It looks like so.

“Show that skill to the great me!”

“A skill that I have.....”

I don’t have any clue at all.

(Status!)

Just like that, I tried to invoke but the status window would not come out.

Ahh, but, there was that huh.

“However, to show my skill, I need a raw egg.”

“Egg.....?”

“Yeah, an egg.”

“If you have that, you will show it to the great me right?!”

“That’s right.”

“Wai.....just wait for a while!!”

After 30 minutes.

“I’m baaack!”

Laura returned.

Her hair became messy, and her beautiful face is dirty with mud.

“Kokee! Kekkekkekkekke, kokkee!!!”

Furthermore, she received kicks from the chicken that seemed to be a wild one.

“H-Hey, ow , ouch! Ouch!!

“You.....you brought it from a birds next huh.”

“Wasn’t it you, who told me to get it.....ow, ow, ow ouch!! Ouch~~~!!”

The self-proclaimed Great Existence-san is crying losing to the chicken.

However, using this egg, it is quite absurd.

If I take the egg carelessly, I might become the next target.

It can’t be helped.

I went outside the cave.

I lightly dug into the ground.

I found a worm.

I caught it and reached it out to the chicken.

“How about exchanging it for this?”

“Kokke.....”

The chicken stopped attacking.

It went back to the ground and caught the worm with its beak.

I left the worm on the ground one by one, leading the chicken out of the cave.

The chicken who ate that much seemed satisfied, or maybe just bird-head.

It flew away spreading its wings.

I looked towards Laura.

“Higgu! Guu.....”

Laura who self-proclaimed as god was weeping.
It was only an hour since we have met, but I thought.

(I want to go home.....)

I want to return to my original world.
I thought of going to another world, but I did not wish for such a useless goddess².
Judging from what I heard from her, I can't imagine that this girl would give me some kind of amazing powers.

"Thi.....this time, it's your turn!"

However, just when I was about to leave, the Useless Goddess Laura shouted.

"It's your turn to show your greatness³ with the egg that this Goddess of Wisdom fought with her life to get!"

"You bet your life on it?!!"

"The remaining Goddess Points that supports my life is only 20! And because of that earlier, there is only 4 remaining! Honestly speaking, It's just barely enough you know!!"

It's an unknown unit, but I understood that there's only a few left.
I mean, almost dying to get an egg, how cheap is your life.
You can even buy 10 eggs in for just 150 yen in supermarkets.

Well, whatever.
Since she brought it for me, I should show my skill.

"Bring me some kind of container."
"U.....Understood."

Laura brought a cup.
――Katsun, Katsun, Katsun.
I tapped the egg three times on the cup.

When there was a decent crack made——pakari⁴ with one hand.

The egg safely entered the cup.

“That’s all, this is the special skill that I have.”

“What do you mean.....?”

“I can crack eggs with one hand.”

“MYAAAAA—————!!!”

Laura’s scream echoed.

“What in the world, are you saying?!!”

“That’s literally what I mean. As far as I know, this is the only thing that I have.”

“What about amazing magic or monstrous strengths?!!”

“If I have them, I would’ve showed it.”

“MYAAAAA—————!!!”

The scream for the second time today echoed.

“Impossible! This is impossible!!” I am a Great Goddess of Wisdom, but I am also a Great Goddess in the Edge you know?!! I planned on recovering from a hopeless situation using the Random Familiar Summoning Ticket that I begged for, even doing a dogeza, throwing away my pride you know?!!! And that, it turned into a trash skill, what the heck is this?!! What the heck is this really?!!!”

Great Goddess in the Edge? What kind of vocabulary is that.

It might be something like a genius idiot, adding a negative to a positive making it negative.

I mean, this girl is the Goddess of Wisdom? I’m the one who wants to ask what the heck is going on.

“I can’t understand with that, so explain it to me from the start.”

“We Goddesses, we have the role of raising and leading humans!”

“Hou.”

“And for us to live, we need God Points that would accumulate receiving sincerity or worship from humans!”

“It makes you unable to skip on your work with that huh.”

“However, I skipped on my work! After I accumulated so much, I stayed aaaaaaaaall the time in the my house⁵ not doing anything! Because of that, the God Points dropped sharply! On top of being chased away from my house, I was sent away to the remote areas, and my life is in danger!”

What a well-deserved punishment.

“That’s why I asked to the Goddess Assembly, I said that I’ll be a proper Goddess from now on! I begged for a Familiar Summoning Ticket that could summon a familiar from a different world!”

“And the result, it’s me who could only crack eggs with one hand.....huh.”

“That’s exactly it.....!!”

“By the way, if I help you, would there be anything good for me?”

Laura who was feeling down said cheerfully while putting a hand on her chest.

“I will be thankful!”

“Eh.....?!”

Towards me who was dumbfounded, Laura continued with high spirits.

“I am a God! And I am Great!! And me saying thanks, is Grand God Thanks! Don’t you think that it is a too much of a blessing, that a normal human would receive?!!!”

“I don’t!!!”

This Goddess, I want to release her to a river immediately!

I want to release her to a river and say “Don’t come anymore”!!

No Catch! And Release!

“You, were you thinking of a rude thing right now?!!”

“I did not, do such thing?”

Rather than being rude, it’s just my true feelings!

“Then, it’s fine.....”

Laura easily let it go.

And when we were have such an idiotic conversation, my stomach growled.

Come to think of it, I was just thinking of going home because I got hungry.

“Hey, Laura.”

“W-What?”

“You, can you bring out food or something?”

“I am a Goddess you know! I am someone who would get food with tributes, not create them myself!”

“What about money.....?”

“I am a Goddess you know! I am someone who would get money from tributes, not create them myself!”

How uselessssssssss!!!!

Astonished, I stopped relying on Laura.

“If so, can you at least tell me where the nearest town is?”

“I don’t know!”

“Ha.....?”

“After all, it was only a month since I was sent here!”

Even though Level 1 Villagers know the nearest town?!

A Great God inferior than a Level 1 Villager, what kind of existence is that?!!

I mean.

Wait a second.

This situation, isn't it quite serious?

There's no cheat and the supporter is a useless goddess, and it is a forest after leaving the cave.

We also don't know where the nearest village or town.

This, isn't this already game over?!

When I thought of that, anxiety came out of somewhere.

However, even if I worry about that, the situation would not get better by itself.

I told myself, "Hey, you. Keep yourself together yo!", and tried to remove my anxiety.

If I remove it, I would not feel worried.

That's perfect, bro.

"I understood that you are useless. That's why, I'll leave that just like that, so tell me a place where I could get food and water."

"Do you really.....need them.....?"

"Isn't that natural?!"

"Fumyuu....."

The Useless Goddess Laura went outside crest-fallen.

"As far as I know, the highest probability in this area, is that Toma Fruit growing in that tree."

Laura showed her face from the bushes and pointed at a tree on a hill.

"I see....."

I nodded, at least.

The fruit growing in the tree has a persimmon-like shape.

It looks like you can get hydrated with it too.

But——

(What the heck is that guy sleeping next to the tree?)

(You can't tell just by looking at it? It's a Chimera Lion. It's a monster that has the characteristics of having a lion body and head, and a snake tail.)

(I'm asking because I know!!)

I shouted with a small voice.

(I-I-It can't be helped right! If it's a way that you can get proper food as far as I know, it's only that tree!)

(Even though there was chickens?!)

(Those guys, they have poison you know.....)

(Is that so.....)

(It's almost the weakest as a kind of poison, but you'd normally get an upset stomach from it.....)

"You get an upset stomach with the weakest poison even though you're a Goddess.....?", I thought, but I did not say it out.

There's nothing good expecting anything from this girl who's inferior than a Level 1 Villager.

(But, that lion, he looks quite strong.)

(In fact, speaking of status, it's Level 2869 and has about 35000 HP.)

(Haa?!!)

(A rookie adventurer is 20. A decent soldier is 30. A veteran would be around 80, and you'd be a master if you have 200.)

(2869 you say, isn't that a monster?!!)

But, wait a second.

I am also someone who came from another world.

As clichés go.....

(I am actually strong, or something.....?)

(I think that you're around Level 2 or 3.)

What the fuck!

(I mean, my status figures, it's just a guess huh.)

(If my God Point accumulates, I can see it, but.....)

(If those points accumulates, you would be able to create miracles or use skills huh.)

(Of course! I am Megami. In other words, God!!)

I think that both Megami and God means the same thing, but I did not pursue on it.

(And so.....there's such a strong lion there, so how will we get the fruit?)

(It's that.)

Laura pointed at its tail.

(That guy's tail, it's moving like *Piko.....*, *Piko.....*, right?)

(Yeah.)

(That guy is feeling the atmosphere with its tail just like that. It looks like it's sleeping, but it's actually awake.)

(When people got careless thinking that it's sleeping, they'd get swallowed.....huh.)

(That's right.)

Laura nodded silently.

(If we aim for opportunities when it's eating its unwary prey or if it goes away to catch some, we can get the fruit.)

(Hearing that, that sounds easy.)

(Even for it, if it kills all of its preys too much, no one would approach anymore.)

(I see.)

(That's why, that's what we're aiming for.)

Laura who spoke had a serious face.

I could not feel the traits of the Useless Goddess from her just earlier.

I began to see her in a new light.

But――.

“Hakuchun!!!”

She fucking did a huge sneeze.

“GURUuu.....?”

The Lion-san too, slightly opened its eyes.

This Useless Goddess――――！！

(Aahhhh, ahhhh.....!!)

The Useless Goddess Laura groaned with tears on her eyes.

But, however, the awakened level of Lion-san is only “slight”.

If we hold our breaths here, the chances of letting it pass is high.

But――

“Wha-Wha-Wha! What should we doooo～. Kehma, Kehma, what should we doooo～
～～!!!”

The Useless Goddess panicked.

She grabbed me by the collar and “shouted” crying.

The Lion-san completely opened its eyes.

“Just go run! I’ll buy you some time!!”

“Uu! Uuu.....!”

“Hurry up!!”

“Don’t push yourself okay~~~~~!!!!”

Laura ran away with a dash.

I let out a sigh.

Although it is fast, the opponent is just a beast.

I think that its movements are straightforward.

I mean, my chances to escape only depends on that.

That’s why I concluded that it’s just a beast, and bet everything on that.

From the speed it charges, I calculated the speed that the lion would charge——

And jumped to the side!!

I barely dodged the lion’s first attack.

The huge shadow, passes above me.

At the same time, I grabbed some soil.

“Take this!!!”

I threw the soil to make it flinch.

While I did that, I picked up the fallen fruits and ran in a straight line.

This lion has its territory around the tree.

And wild animals rarely leave their territories.

It is because it is full of danger outside their territories where they do not know when

they would receive a surprise attack.

I'm not sure if the living things in this world are similar.

However, this lion made its territory around the tree.

It was said that it launches a surprise attack while acting asleep.

And doesn't that only mean like this?

This lion, it is lazy.

As long as I dodge its first attack, there is enough possibility to escape!!

It is completely a gamble, but I one that gamble.

I was able to safely escape and got the Toma Fruit as well.

On top of that, there is two of them.

CHAPTER 1

THE FIRST LEVEL UP

“Kehma~~~~~.”

When I returned to the cave, the Useless Goddess ran to me.

“Thank goodnesssss. Thank goodness that you’re alive.....”

“It looks like you, cried a lot huh.....”

I got a little surprised and moved.

I was summoned to another world, but I was relatively composed.

If you ask why, it’s because my lifestyle on Earth was not that good.

Especially my Mother is like “that”, so it’s hard to stay at home.

I’ll skip the details, but I can say that she’s a mother who would not care about how the community thinks even if I suicide.

I do not have grudges for my father, but because he would not divorce my mother who is like that, I could not like him.

And having such circumstances, Laura who I have just met worries about me this much.

It cannot be helped, that I would be moved.

And when I was thinking like that――.

“If you die, who would feed me~~~~~!!!!”

“You meant it like that huh!!”

Give me back my moved feelings and seriousness!

But, however, having told this straight makes it refreshing instead.

I reached out a part of my loots to the Useless Goddess.

“Here.”

“Is it okay.....?”

“Just treat it as payment for the information.”

“Kehmaaaaa~~~~~!!!”

The Useless Goddess hugged me and showed her deep emotion.

And there, I noticed.

(This girl’s chest.....it’s huge.)

I could not look at her calmly when I was just summoned, but getting so close to her, I understood.

She has huge breasts that are not only E or F.

Those breasts, it touches me in close contact and changed its shape like *MunyuMunyuMunyu**.

However, the Useless Goddess is an idiot girl, so she doesn’t notice.

She shouted while showing tears.

“Thank you!! Thank youuuu~~~~~!!!”

“I got it already so get off.”

“Un!!”

I peeled of Laura from me and wiped my loot with the hem of my clothes.

That fruit that has the shape of a persimmon shined brightly.

My anxiety disappeared and my appetite came out.

“Well then.....”

“Well, well.....”

” ” Itadakimasu!! ” ”

We ate together.

The flesh of the fruit softly received my teeth and the sweetness like a well-ripened persimmon spread throughout my mouth.

Adding to that, the more that I bite the flesh of the fruit inside my mouth, the more that it released its juices.

“So good!!”

“I am living for this thing!!”

Laura and I cheerfully ate like innocent kids.

It was at that time.

Tererettete ~.

The level up sound echoed.

You might not understand what I’m saying, but it really echoes so it can’t be helped.

“Ah! A-re! Kehma?”

“n?”

“Your level.....did it go up?”

“It was really like that huh.”

“This.”

The Useless God Laura touched my neck.

The status window opened and appeared in front of me.

Name: Kosakai Kehma

Race: Human

Level: 2→7

HP: 56/56 (↑40)

MP: 28/28 (↑20)

Strength: 52 (↑39)

Vitality: 48 (↑36)

Agility: 58 (↑42)

Magic Powers: 44 (↑32)

“I can see something like this huh.”

“It’s because, thanks to Kehma, my God Points accumulated!

Right now, I can use the Identify and Sense Sharing skills!!”

“When did that happen?”

“Didn’t you give me a fruit!”

“Didn’t it accumulate with sincerity and worship?”

“Sincerity, it’s not feelings but things!”

“Don’t say it so badly!”

“But, it’s the truth! Even if someone is thankful to me, it’s not like I would get full with it!!”

Well, that is true though.

“But, I wonder why my level went up.”

“That’s probably, this’ powers.”

Laura said.

“Skill Window!”

The skill window appeared

Skill

Breaking Eggs with One Hand LV6 80/3000

Egg Cooking LV2 130/150

Extra Skill

Makyūshū¹

◆ Skill Explanation • Makyūshū

A skill that only a very few people who teleported or transmigrated and monsters could acquire with a low probability.

One will be able to absorb the skill that the one eats.

In the case where there is no skill, it would become just experience points.

I understood while reading the explanation. It's a cheat-spec skill.

"What's the side of the level? Is it proficiency?"

"That's right. If it reaches the maximum, it would level up."

"I see....."

Staring at the two skills, I whispered with emotions.

"The skill of breaking an egg with one hand, it was such a mislead huh....."

"Isn't that natural?! Of course right?! A trash skill like that!!

I mean, level 6? How much did you train for that?!!!"

"Is it that amazing?"

"Level 1 is a beginner, 2 is intermediate. If it's level 3, you can live with that path and a master with level 4 and 5!

And above that, it only shows how inhuman you are!

It means, the way you break eggs, it already reached the artistic level of inhumanity!!

I mean, seriously, how did you train it this much!

It's such a trash skill too!!"

"What's trash about it! How long do you think it took me, to be able to break eggs with one hand!"

"How long.....did it take?"

"With a rough estimate, about 8 years."

"Are you an idiot?!!"

"At first, it was only for fun, but it feels good when started I break it properly....."

"You're an idiot right?!"

"I don't want to hear that from you!"

I pinched the Useless Goddess' cheeks.

“Miii~~~~~!!”

The Useless Goddess who moaned enough shouted while holding her cheeks with teary eyes.

“What are you doing!! You bully!
I even thought of giving you God Thanks!!”

“God Thanks? What’s that.....”

“It’s this!”

When I was rolling my eyes at her, Laura opened a window with high spirits.

Believer Number 001 Kosakai Kehma

Believer Points 5

Total Points 5

Believer Level 1 (Beginner Believer)

“If you use this Believer Points, you can acquire Believer Skills.”

“Haaa?!”

“I-I-I-It’s, not strange or anything right?!”

I mean, I explained it to you in the beginning right?!”

“In the beginning.....?”

I remembered the time when Laura and I just met.

If I’m correct, this girl said something

When I asked her whether there would be anything good for me, she said it clearly.

『I will be thankful!!!』

But, however.

But, nevertheless.

“There’s no way that I can understand with just that!!”

“Miii~~~~~!!!”

When I stretched her cheeks using both of my hands, the Useless Goddess moaned.
Well, whatever.

Since she’s saying that I will get a skill, that is good and all.

“But, what specifically can I get?”

“Catalog Window!”

Laura opened a new one.

In there, it was lined up like this.

Battle Skills that Level 1 Believer can acquire

Swordsmanship LV1 (Consumption 20)

Taijutsu LV1 (Consumption 20)

Spearmanship LV1 (Consumption 20)

Archery LV1 (Consumption 20)

Stick Techniques LV1 (Consumption 20)

Axe LV1 Techniques (Consumption 5)

(Etc.)

“Why is only the axe cheaper?!!”

“It’s axe after all.....”

What an unreasonableness.

“And so, what would you do?

If it’s Axe Techniques, you can get it right with only 5 points right now though?”

“No.....nah.”

It’s axe after all.

While dissing the axe like it's normal, I continued looking at the catalog.
The level 1 for weapons are all 20 other than the axe, but when it comes to magic, it needs 300 for level 1.
It looks like magic is amazing in this world too.

"Other than for battle, what other skills are there?"

"Something like this."

Skills that Level 1 Believer can acquire

Darkness Resistance LV1	(Consumption 5)
Paralysis Resistance LV1	(Consumption 5)
Confusion Resistance LV 1	(Consumption 5)
Poison Resistance LV1	(Consumption 5)
Fear Resistance LV1	(Consumption 5)
Instant Death Resistance LV1	(Consumption 50)
Purification Magic LV1	(Consumption 20)
(Etc.)	

"The Instant Death Resistance is very expensive huh."

"It's the end if you die after all."

"I see."

I nodded and asked Laura.

"The Purification Magic, is it something like a magic that would clean our body?"

"That's right."

"With level 1, how much could it do?"

"It's like, you can clean your body or the clothes you're wearing, but can't do anything about a dirty room or another person's body."

That's enough.

It's "that" since I only have 5 points right now, but I want it someday.

But, right now.....

"Can I get Poison Resistance LV1?"

“Eh?!”

“Is it really surprising?”

“It’s Level 1 you know?”

It can only neutralize the weakest poisons, that you’ll only have an upset stomach you know?”

“That’s good enough, that’s good enough.”

“???”

It looks like Laura has yet to understand.

I told her specifically.

“Around here, it exists right.

Chickens that only have a weak poison that could only cause an upset stomach.”

“Ah.....!”

The Goddess, she finally noticed.

“Kehma.....you’re a genius.....?!!”

“If I become a genius with just this, isn’t that too much?!”

“Eh! But! Isn’t that amazing?!”

Such idea, even I could not think of it you know?!!”

As expected of the Useless Goddess. She’s an idiot.

“Before the chicken, we should find water.

And drinking that water, it’s better to have a sturdier stomach.

Although it would be cooked, there’s no guarantee that all of its poison would disappear.”

“You, were you not called as a Hero of Wisdom or Sage in your original world?!!”

“How bad is your head really?!”

“Wawawa! It’s not bad!

Even though I’m like this, I was once called as Goddess of Wisdom by people you know!!

Goddesses who can access the Spring of Wisdom, they're very rare you know!!"

It's true, she knew a lot about the lion's ecology.

In that meaning, she's probably something like a dictionary.

She knows about many things, but completely clueless about something she doesn't.

And, she has a lot of knowledge but has no wisdom at all.

She's probably such an unbalanced and pity creature.

Well, whatever.

"Anyways, since it's like that, guide me to a place with water."

"Ah.....I got it!"

CHAPTER 2

SECURING WATER AND MONSTER VS CLIONE

(If it's water in this forest, it's safest to get it from this river)

Laura hid in the bushes and said secretly.

(I got that, but.....)

I also hid in the bush and asked Laura.

(What's that.....?)

(Can't you tell just by looking?)

(I won't be asking if I do)

(It's Clione)

(.....)

I could not say anything.

It is true, that is a clione.

It's white transparent body that is like a veil, and its slightly red head and organs.
Having those flaps on its both side of its body like an angel's wings is exactly like a clione.

But――.

It's huge and floating.

Its basketball-size head and body that matches it are huge.

And it is drifting over the river.

That group that was like fireflies, they were floating around.

And one among them jumped into the river.

It caught a jellyfish-like creature and swallowed it whole.

(I want to see their status if possible.....)

(I got it)

Laura places her hand on my neck.

With the power of the Sense Sharing, windows appeared on top of their heads.

Each is subtly different, but the one in the center is like this.

Name: None

Race: Clione

Level: 10

HP: 44/44

MP: 22/22

Strength: 32

Vitality: 88

Agility: 30

Magic Powers: 20

By the way, I'm like this.

Level: 7

HP: 56/56

MP: 28/28

Strength: 52

Vitality: 48

Agility: 58

Magic Powers: 44

Although I have an overall higher status, there is a significant difference in vitality.

(Can't I see its skills?)

(It's not part of my familia, so it's impossible)

(I see)

I saw the Clione's status once again.

As expected of relatives of clams, their defense powers are high.

They're lower than me other than Vitality, so I won't lose in a 1v1 fight.

However, the problem is their numbers.

As far as I can see, there are about 2-30 of them.

Since they have MP, it's better to think that they could use magic.

Well, what should I do then?

When I was thinking like that, a sound came out from Laura's direction.

"Hakkushunn!!!"

The fucking Useless Goddess's second sneeze.

『Kigi.....』

The clones noticed us.

The part around its chest split open, and ice needles were shot!!

"UOOOOO!!!"

I pushed Laura down and avoided the ice needles.

The cold, big, and thick thing grazed my back.

"You damn Useless Goddess!!!!"

"I'm soooooooooorrrrryyyyy~~~~~ n!"

"Anyways, you go get those needles sticking on the ground and run!

I'll buy you some time!!!"

"U-Un!!"

The damn useless goddess idiot Laura held the ice needle and ran away.
I picked up the fallen tree club.
It's some weapon that is 70cm long.

The clones' head split open.
Their split heads turned into tentacles and rushed towards me!!

The fierce fight ended.
The clone's attacks were decent, but they are not as fast as the lion.
As long as I do not get hit by the ice needle, it is very easy to take distance.
I think that I might have died if I did not level up, but I leveled up.

I defeated the two who had advanced and escaped from the battle area.
The clones did not chase deeply.

"Kehma!"

The useless goddess Laura welcomed me with a warm smile.

"Kehmaaaaaaaaaaaa~~~~~!!!"

I dropped a fist on the useless goddess's head who jumped to me.

"Fueeen....."

The useless goddess Laura moaned while holding her head.

"Why, what did I do~"

"You sneezed! YOU sneezed!!!

"It can't be helped! My nose got great and got itchy!!"

"You idiot girl!!!"

"Fumiiiiii~~~~~!!!"

I made her shut up by pinching her cheeks.

“Haa.....”

I, said while letting out a sigh.

“What happened to the ice needle that you picked up?”

“It became like this!”

The useless goddess, she took out a bucket with a smile.

There was a lot of water inside.

It looks great.

“Looks like there’s plenty of them.”

“Seems so!”

“By the way, can these guys be eaten?”

I grabbed the bodies of the two clones and reached it out to Laura.

“The red parts is fishy, but I heard the transparent parts is quite good.”

“Do you have something like a knife?”

“It will cost, Goddess Points.....”

“Just bring it out.”

“.....I got it.”

After nodding, Laura reached out her hands to the sky.

“World! Follow my command and make a miracle!

My name is, Laura Gines Amara!”

A white ball of light was created, and a knife appeared.

My heart could not help but to get excited about the mystical appearance.

I asked with excitement.

“This knife, how strong is it?”

“It’s the same with the knife that can be bought in general stores.”

“I see.....”

My excited feelings popped like a balloon.
Hyurururu, they were carried away by the cold wind.

“I-I-I-It! can’t be helped!
I have no spare points after all!!!”
“If you have some spare, you can get something stronger?”

“If it’s stronger than the weapons in the market.....a special condition must be met.”
“Special condition?”
“If you’re thinking of making a Flame Sword, flame ores or salamander’s scales would be needed.”
“I see～.”

“Anyways, anyways, use it with gratitude!
I made it from my small amount of points after all!”
“Yosh.”

I immediately processed the clone.
I took out the red parts and placed it on the side, and cut the transparent parts.
I put the sliced parts on top of the bamboo leaf-like leaves and arranged it beautifully.

The sashimi is complete.

“Myaaa～.....!”

The useless goddess Laura raised a voice of amazement.

“It looks.....amazing.
It’s shining, and looks good.....!!”

“In fact, I think that it’s done well.”

I picked up the sashimi using the chopstick that I made out of a tree branch.
The transparent sashimi has a sparkle, and it is beautiful with the sun.

Churu, I ate it as if to suck it up.

Tsurun, the sashimi danced inside my mouth.

Nyuru, it is soft when I bit it, and a slightly sweet taste spread inside my mouth.

“Kehma! Kehma! Kehmaaa!”

The useless goddess Laura pulled the hem of my clothes and opened her mouth like “a～n”.

It cannot be helped.

I don't want to do this that much, but I won't gain points if I don't give her.

I need to return the favor with the knife too.

I picked up the sashimi using the chopsticks and placed it on Laura's mouth.

“Munyumunyumunyu.”

Laura tasted it silently.

“Deliciooooooooooooouuuuusssss～～～～～～～～!!!”

Laura made a fist and shouted in emotion.

“The glossy texture moved inside my mouth and is slightly sweet!

It was as if I was in a tentacle play with a veil of happiness!!!”

“Is that a positive comment?!!”

I could not help but point that out, but it did not reach Laura's ears.

“Deliciooooooooooooouuuuusss～～～～～!!”, she ate.

Tererettete ～.

And my level went up.

I looked at the details with Laura's powers.

Name: Kosakai Kehma

Race: Human

Level: 7→10

HP: 65/80 (↑24)

MP: 46/46 (↑18)

Strength: 75 (↑23)

Vitality: 70 (↑22)

Agility: 82 (↑24)

Magic Powers: 60 (↑16)

Learned Skills

Ice Needle LV1 8/50

Raised Skills

None

The level increase is below the fruit, but I gained a new skill.

“Ice Needle!”

When I used it, the arrow of ice pierced into the tree’s trunk.

I pulled it out and bit it, but it seemed like normal water.

It is very plain, but it looks like I would not have problems with water with this.

Seeing the parameter, I thought of something.

I processed the second clone and placed it into my mouth.

Mogumogumogu, gokun

I ate a few slices.

Tererettete ~.

I confirmed the level up and looked at my status using Laura’s powers.

Level:

HP: 85/105 (↑25)

MP: 62/68 (↑22)
Strength: 107 (↑22)
Vitality: 93 (↑23)
Agility: 106 (↑24)
Magic Powers: 80 (↑20)

Learned Skills

None

Raised Skills

Ice Needle LV1 15/50(↑7)

It's just like I've thought!

The Ice Needle raised!

When I first learned it, it is level 1 with 8.

Having 8 although it was just learned is a bit high.

And after eating the second one, the level is unchanged, but it raised by 7.

The first individual has Ice Needle LV 1 8/50, and the second one has LV1 7/50.

I ate two of them, so it became level 1 15/50.

This probably means, it's like that.

I did not do any hard work, but I will level up just by eating.

That itself is amazing enough, but the skills also adds.

This is the best!

Well then, next is the chicken.

CHAPTER 3

THE GODDESS'S REVENGE VS CHICKEN

“Kokke～kekekekeke! Kokke!!!”

“Kokke! Kokke, kokee!!”

“Doodododo, Kokkee!!!”

Inside the usual bushes.

We are looking at the chickens from far away.

“That is the chicken.”

“It’s true, they’re chickens, but.....”

Those chickens, compared to the guys up until now, they look the most normal.

However, the place they are living at is strange.

They made nests on tree branches and flies around like “kokekoke”.

Are they doing something like a territorial fight, they are kicking each other.

“They are currently fighting for their territories, so the Four Heavenly Kings are not around.

If you’re searching for a chance, it’s right now.”

“Four Heavenly Kings?”

“The God Beast of Godly Speed that has the nickname of Storm, Byakko.

The Sage Beast that is told to have a gray cockscomb, Genbu.

The flutter of its wings is said to be able to reach clouds, the Charging Seiryū.

Each of them is frightening monsters.”

“But, they’re just chickens, right.....?”

I whispered silently, but Laura’s spirits would not stop.

She muttered with a serious face.

“And within those Four Heavenly Kings, the one called as the most frightening is.....”

“Is.....?”

“The chicken that kicks with the feet that stomped poo, it’s Suzaku.”

How fearsome!!

“Anyways, as long as we do not meet the Four Heavenly Kings, they’re opponents that can easily be dealt with.”

Laura, she touched my neck.

The chickens’ statuses appeared.

As I’ve thought, they are differences between each of them, but the one in the middle looks like this.

Name: None

Race: Chicken

Level: 5

HP: 30/30

MP: 0/0

Strength: 20

Vitality: 18

Agility: 15

Magic Powers: 0

Well, they’re weak.

Leaving aside the fact that they have poison, they’re just normal mobs.

Their Agility stat is lower than the Clione so running away should be no problem.

I said to Laura with a small voice.

(Yosh, you go back)

(Eh?!!)

(When you're around, I really feel that it would become very troublesome.

You finished guiding me here and explaining their characteristics to me so go spend some leisure time in the cave)

(That, isn't that too much?!

What in the world did I do for you to say that?!!)

(Didn't you sneeze, two times too!!)

(But, isn't that a more of a reason that you should give me a chance?!

If I keep dragging the memories of failure, I'll become a deflated goddess you know?!!)

(With just that point that you're saying that you're already bloated!!)

"Anyways, I will show my greatness!!!"

The idiot shouted and jumped out of the bush.

"God's Aura!!"

She casted a spell and started explaining.

"God Aura, it is the magic that overwhelms the opponent with the Goddess's amazing Aura!

The opponent shall bow down!!"

"....." ← Chicken A

"....." ← Chicken B

"....." ← Chicken C

"Are~?"

Looking on the side, I thought in my head.

However. the god points are insufficient!

" " " Kokkeee— — — — —!!!! " " "

"Nooooooooo— — — — —!!!"

The useless goddess Laura started to get attacked.

"Help me～～!! Kehmaaa!! Help meeee～!!!"

What should I do?

Right now, I REALLY want to just leave her alone.

In the first time and the second time, I saved her without thinking.

But right now, I really want to just, leave her alone from the bottom of my heart.

Well, although I said that, I wouldn't be able to learn new goddess skills if she dies.
Leaving aside the situation where I would also die, I should help her as long as I won't.
I raised my hand towards the useless goddess Laura and the chickens.

"Ice Needle!"

"Kokke?!!"

"Kokkee!!"

"Kokeeee— — — — —!!!"

One chicken was confused, another dodged, and another got hit.

However, most of the chickens went off Laura.

I ran towards Laura.

"Hurry up and stand up! Damegami¹!!"

"R-R-Right! Right now! It grazed meee. My cheek, it grazed my cheeek～～"

"Give it me a break, it's good as long as it didn't hit you right!"

"Fueeeeeeee— — — — —nn!"

"Kokkeee— — — — —!!!"

The chickens started to threaten me who appeared suddenly.

But the most important thing which is to attack, they weren't doing anything

particular.

(I guess we should pick up those who were hit by the ice needle and retreat.....?)

But, soon after when I thought of that.

A red light started to charge in the mouths of the five chickens that were aligned.

“T-T-T-The chickens that grown up has the characteristics of spitting fire.....”

“Say that earlier———!!!!”

I shouted, but it was too late.

The chickens spat out flames.

I wouldn't make it.

I wouldn't make it even if I dodge.

It can't be helped!

I grabbed Laura by her nape.

“God's Barrier———!!!”

God's Barrier is the hidden technique where the useless goddess will be used as a shield and make me survive alone!

The goddess will die!!!

“KYAAAAAAAAAAAAAAAAAAAAAAA!!!”

The goddess's screams echoed, but I was completely unscathed.

I picked up the chicken that died with the ice needle and left the chicken's nest.

“Fueeeeeeeeeee~~~~~n.

It huuuuuuuuuuurtssssssss~~~~~.

My face and head, it's stinging~~~~~.

The meat that has grilled part were torn apart showing its white meat.
I got hungry just by looking at it.

I took a bite
Delicious.
The taste of chicken, it was there.

It was as if the hard work up until now was paid off; it was very delicious.
Feeling of wanting to share this happiness, I said to the useless goddess.

“You want to eat too?”
“Un.....”

The useless goddess Laura placed the chicken in her mouth.

“Tastes good?”
(.....koku)²

Laura chewed it and swallowed.

“So delicious.....!!”

One second, two seconds, three seconds, she appreciated its taste.

“The grilled chicken skill was tasty and chicken’s unique good smell.
The salt that was added to that, it is so great and amazing.....!!

Mogumogumogu³ Kokun⁴

The goddess continued to eat in silence, and――.

She shouted.

“AAAAAAAAAAAAAAAAAAAAAAAAAAAAAA――――！！！”

“W-W-W-What happened?!!”

“Why are you eating as if it’s normal!!

Why are you letting me eat as if it's normal!!!!”

“Eh? Eh?ahh!!”

“This chicken, it has poison you know?!!

And that, you made me eat it as if it's normal!!!!!”

“It was so delicious, so.....”

“Ah! Ah! AH! My stomach, it hurts! It hurts! IT HURTS~~~~~!!!!

It looks like it's already effective.

Laura started to press her abdomen.

“Is there a toilet here?”

“Kehma you idiot!! You idiot!! You idiooooot~~~!!

Please, please go awaaaaaaaaaaaaaayyyyy~~~~~!!!!”

“Ah! Ahh!!”

I left obediently.

By the way, my level is like this.

Name: Kosakai Kehma

Race: Human

Level: 13→16

HP: 85/136 (↑25)

MP: 62/90 (↑22)

Strength: 117 (↑22)

Vitality: 111 (↑23)

Agility: 129 (↑23)

Magic Power: 100 (↑20)

Learned Skills

Flame Emission LV1 2/50

Raised Skills

None

Leaving aside Flame Emission, is the Poison Constitution alright?

I feel like, it's a type of skill that a person who stopped being human would learn.

But, the chicken is delicious.

Thinking of that.....

It doesn't matter, right?

1. Useless Goddess
2. Nodding
3. Chewing
4. Swallow

CHAPTER 4

ONE WEEK HAS PASSED

One week has passed.

Being able to level up just by eating, I became like this.

Name: Kosakai Kehma

Race: Human

Level: 13→558

HP: 4426/4426 (↑4315)

MP: 4710/4710 (↑3240)

Strength: 3744 (↑3648)

Vitality: 3402 (↑3314)

Agility: 3620 (↑3516)

Magic Powers: 3076 (↑2997)

Learned Skills

Purification Magic LV1 10/50

Flame Emission LV5 780/1500

Raised Skills

Ice Needle LV2 2/50 Poison Constitution LV2 10/50

Poison Resistance LV2 0/150 Egg Cooking LV2 132/150

Extra Skill

Makyūshū¹ LV3 10/300

A lot of skills were raised and some were learned but the one that should be noticed is the Level 5 Flame Emission.

Thinking that level 3 is veteran, and level 4 is master-class, you should get how amazing level 5 is.

By the way, I only excerpted skills that are immediately useful.
Although I did not mention them, I also learned skills that are only a waste of space.
For example, things like these.

Breaking Raw Egg with Right Hand LV6 81/3000

Breaking Raw Egg with Left Hand LV1 3/50

Pretending Like A Tree LV4 300/500

The reason why the Pretending Like A Tree is level four is because I ate the tree-type monster's—the Treant's tree bark.

The level is quite high.

You might think like 『you might be able to use a mimicry ability like the Treant?』 .

In fact, I also thought so.

And so, I actually tried it.

I went to the gathering of low-leveled Cliones and tested it.

Pretend Like A Tree!!! ∠(• ω •)／

“.....” ← Clione

“.....” ← Clione

“.....” ← Me

“Kishaa—!!” ← Clione

DoshunDoshunDoshun!!!! ← Ice Needle

“U0000000000000000!!!” ← Me running away desperately

It was like that.

The only one who can use the special skill Pretend Like A Tree is Treant-san who has tree body!

Even if a human does it, they're just human!

However, that was just the start.

I learned a more hateful skill.

That is――.

Kick Enemies with Foot with Poo LV8 250/9999

NOOOOOOOOOOOOOOOOOOOOOOOOOOO!!!!

It's the number one skill that makes me want to scream like that.

When I went out to go catch chickens, there was the Worst of the Four Heavenly Kings, Suzaku sleeping there.

When I launched a surprise attack, he died easily.

I brought him home――ate him.

And when I ate him, I learned something like that.

Just its name 『Kick Enemies with Foot with Poo』 has high destructive powers, but it is even level 8.

The skills, with some exception, it could be learned through hard work.

And having level 3 is a veteran. Level 4-5 are masters.

After that, it's the area of monsters².

It means, if a person with Identify sees me, they would think.

“This guy, he kicked his enemies with a foot with poo until it's level 8.....”

I hate that.

I so fucking hate that.

However, thanks to eating Suzaku, other than my Flame Emission raising to level 5, my

base level also increased by 300.

My Poison Constitution was also raised to level 2.

The Believer Points that are important to acquire Goddess Skills also accumulated 500.

If I say that it is equal to 100 Clones, you should understand how much it is.

It has enough, it has enough value.

But, I acquired 『Kick Enemies with Foot with Poo』 .

Noooooooooooooooooooooooooooo!!!!

There was that kind of ‘accident’ but days itself went on smoothly.

And right now, I am thinking very deeply.

Believer Number 001 Kosakai Kehma

Believer Points 1505

Total Points 1570

Believer Level 3 (Common Believer)

I used it to take Purification Magic and raise the Poison Resistance to level 2 but other than that, I have not used it.

I have a tendency to be frugal.

I have the confidence of not drinking water when I go to the desert because it is wasteful and collapse due to dehydration.

The enemies around here are not strong.

There are strong ones but there is no problem as long as I choose the places.

However, I want to use it now.

But, I wonder where should I use it for?

If it's about simple admiration, it is Swordsmanship and Magic.

Especially the Swordsmanship. I think that it is very convenient to have.

On the other hand, the ones that I think is better to have are Support Magic and Healing Magic.

However, the Support Magic is as expensive as 500 and the Healing Magic even costs 1000.

If I acquire them, most of the points that I have would disappear.

I could only hesitate.

I would think, “maybe it’s not too late just getting it when I get injured.....”.

I also thought, “I should acquire other than Healing Magic and reduce the possibility of getting injured.....”.

Other than that although it’s plain, I can’t leave off Instant Death Resistance.

As long as it would be the end when I die, I need to raise this as much as I can.

I think that there are only a few guys who have something like an Instant Death skill.

However, it will be the end the instant I meet someone who has it.

That will make me troubled.

It would be for the best to know it with the useless goddess’s Identify but――.

Concealment LV1 (Consumption 50)

Disguise LV1 (Consumption 100)

When I became a level 3 Believer, I found out that there is such skills.

Concealment is a skill that conceals even if Identify was used on them and Disguise is a skill that disguises.

If it is guys who have Concealment, I could be wary of them because they are concealing something.

Guys who are like 『Job・Secret』, as suspicious as perverts who hides their faces with panties.

However, if it’s the Disguise skill, it is difficult because it is a disguise.

They can do something like “my identity is an Assassin but it shows Villager!”.

And it is scary if guys like that have Instant Death-type skills.

However, I will also be troubled if I lose to those who do not have Instant Death

because of being wary of Instant Death.

I peeled the Toma Fruit while thinking and placed it in my mouth.

Tererettete ∼.

I leveled up.

Level: 558→563

HP: 4466/4466 (↑40)

MP: 4745/4745 (↑35)

Strength: 3781 (↑37)

Vitality: 3435 (↑33)

Agility: 3662 (↑42)

Magic Powers: 3107 (↑31)

It already feels like it's insignificant, but many a little makes a mickle³.

I also let the useless goddess Laura eat and acquire Believer points.

The points I also used it all at once.

The power of magic was engraved to my cells and genes.

And I asked Laura to take out a sword with her points.

It's a high-quality item made with white silver.

"W-Well ∼, I have been in your care a lot after all."

That's what she said.

In the end, I was like this.

Level: 563

HP: 4466/4466

MP: 4745/4745

Strength: 3781

Vitality: 3435

Agility: 3662

Magic Powers: 3107

Ice Needle LV2 20/150 Poison Constitution LV2 10/150
Poison Resistance LV2 0/150 Purification Magic LV1 10/50
Egg Cooking LV2 132/150 Flame Emission LV5 780/1500
Breaking Raw Egg with Right Hand LV6 81/3000
Breaking Raw Egg with Left Hand LV1 3/50

New Skills

Swordsmanship LV2 0/150 Taijutsu LV2 0/150
Healing Magic LV1 0/300 Instant Death Resistance LV1 0/50
Detect Presence LV1 0/50

Extra Skill

Makyūshū⁴ LV3 10/300

When I swung the sword, I swung it with a pleasant feeling.

I understood things like how to use my limbs and how to judge distance with my instincts.

I tried to cut a tree and I cut it cleanly.

The sharpness of the swords adds to that, but it is also because it's level 2.

Even the Taijutsu, I feel like I understand how to use my waist.

I punched the tree.

The tree creaked with my second punch and broke when I kicked.

From how I feel it, my strength⁵ is like 1.5x without the Taijutsu.

My skin got peeled a bit but it got healed in an instant when I used Heal.

I am very satisfied.

However, looking at my skill bar, there is a certain two that remains.

Pretend Like A Tree LV4 300/500

Kick Enemies with Foot with Poo LV8 250/9999

I really don't need these twooooo!!!

1. 魔 吸收 - (absorbing 魔) which can be translated as absorbing magic/demon/devil/evil spirit, but probably 魔 from monsters(魔物) or 魔 from magic(魔法).
2. monster as abnormal or freaks, not mob monster
3. Literal translation is “even specks of dust makes a mountain when piled up”
4. 魔 吸收 - (absorbing 魔) which can be translated as absorbing magic/demon/devil/evil spirit, but probably 魔 from monsters(魔物) or 魔 from magic(魔法).
5. Not the strength stat but power

CHAPTER 5

TRYING THE SKILLS AND LEVEL VS MAD WILD BOAR PIGLET

After finishing preparing my sword and skills, I asked Laura.

“Right now, what are the strongest opponents that I can defeat right now?”

“If it’s the great you right now.....Mad Wild Boar Piglet might be good.”

“Mad Wild Boar Piglet?”

That’s quite a fancy name.

“Its official name is Mad Wild Boar, but it’s like the piglet becoming like an adult with its body just as it is.”

“Is it something like wooper looper¹?”

“Woop.....what’s that?”

“It’s a famous creature on Earth. It’s called neoteny, there are creatures that retain their juvenile features and become an adult.”

“There is something like that.....”

“Anyways, guide me there.”

“I got it.”

I followed Laura from behind.

“From here on, it is the territory of the Wild Boar Piglet.”

“I can’t see them though.”

“Their territory itself is vast after all.”

“Hmm.....”

I looked around after nodding.

There is a chocolate tree.

It’s a tree that has branches and trunk that has the same color as chocolate.

Its taste and flavor are also similar to that of a chocolate.

And its branches are in quite a high place.

I reached out my hand and broke one.

I bit it with my front teeth. It made a crisp sound then melted into my mouth.

It's delicious.

My level also increased by one.

"Ah! Th-That's unfair!!!"

"If you want some, then go get some?"

"Unsho! Unsho! Unshooo²!!!"

The useless goddess Laura did her best jumping.

However, she is short.

She could not reach the branch.

"Kehmaaa~"

"What a hopeless goddess."

"Aa~n."

When I refreshingly said that the useless goddess opened her mouth.

Gabu!

She ate the chocolate with a face full of smiles.

"Is it good?"

"Un!"

If she was just acting properly, she would have been very cute though.....

She has huge breasts too.

"Haa....."

"Why are you sighing?!! I, I didn't do anything bad right now right?!!"

"You, your existence itself is a mistake after all....."

“Isn’t that horrible?!!”

“Who was it again who sneezed in front of the lion and in front of Cliones?”

“That’s.....sorry.....”

She’s such a shitty useless goddess but she is decent enough that she can apologize
I patted her head.

“Don’t treat me like a kid～!”

The useless goddess raised her hands and got angry.
And while we were doing such an idiotic conversation, the atmosphere became tense.
It’s the Wild Boar Piglet.

“B u r u r u r u r u”

Its lovely round eyes and round form look very adorable but its size is big and
ferocious.

It is as large as a bull and was pawing the ground.

There is no doubt that the instant I get into its range, it will start charging.

(Laura)

(Uu! Un)

Laura touched my hand.

Its status appears.

Name: None

Race: Mad Wild Boar Piglet

Level: 828

HP: 8452/8452

MP: 0/0

Strength: 6805

Vitality: 7058

Agility: 5620

Magic Powers: 0

It's strong.

Although it has no Magic Powers and MP, other than that, it has a higher status parameter than me.

I mean, why the heck are monsters in the wild this strong?

This forest, is it some kind of a dangerous forest?

"Its status is high, but it doesn't have special skills.

If you fully use your skills, you shouldn't be defeated although you might have a hard fight."

I see.

I stepped forward with a sword in one hand.

The Wild Boar Piglet kicked the ground and charged.

"Fire!"

I released the Flame Emission LV5 that I got from the Chicken Four Heavenly Kings, Suzaku.

"G i i i i i i i i ! !"

The Wild Boar Piglet started to burn.

It dashed towards me while burning.

However, it died before it reached me.

"Eh?!!"

I stared at my right hand.

The flames that came out right now were unexpectedly strong.

Well, after all, Level 4-5, they say that it's in the level of masters.....

Suzaku, one the Chicken Four Heavenly Kings. It means that he was not a simple guy. Although, I won against him with one blow when I launched a surprise attack when he was sleeping.

Anyways, its time to eat.

I stabbed its vitals, drained its blood, and peel off the burned skin.

A pink colored meat appeared.

When I stabbed my sword in that meat with beautiful color, the fresh meat bursts open.

How soft it is.

I pulled out the meat with a circular shape.

I placed it on top of my sword.

I made a bonfire and slowly grilled it.

Steam came out of the meat that is being cooked.

The pink colored meat started to have a brown grilled color.

The delicious smell drifted in the air.

The fat that accumulated on the meat started popping.

I ate it.

It had the wild umami taste like a lean pork meat.

Tererettete ~

I leveled up.

Level: 563→663

HP: 5296/5296 (↑830)

MP: 5365/5365 (↑620)

Strength: 4491 (↑710)

Vitality: 4135 (↑700)

Agility: 4392 (↑730)

Magic Powers: 3627 (↑620)

Learned Skills

High Charge LV1 30/50

◆The attack power of tackles becomes 1.5x, Passive Skill³

Amazing!

It's amazing that my level increased by a hundred at once, but the skill I learned is also amazing.

It looks plain but it seems quite strong.

I should think that it is a strong individual even within the Wild Boar Piglets.

-
1. Axototl / Mexican salamander
 2. Sound made by someone who is exerting physical effort.
 3. Literally translated: Always triggered type skill

CHAPTER 6

THAT CHICKEN, STRONGER THAN A BOAR VS BYAKKO

Three days have passed.
I became a decently stronger.

Level: 663→843
HP: 6703/6703 (↑1407)
MP: 6481/6481 (↑1116)
Strength: 5720 (↑1225)
Vitality: 5535 (↑1400)
Agility: 5522 (↑1130)
Magic Powers: 4947 (↑1320)

After all, I would level up just by eating so my level would go up even if I don't want it to.

I'm so troubled～～

It is not like, I want to get any more stronger.

I'm so troubled～～

Although I said it myself, how annoying!

I mean, I want to leave this forest already.

It is not like the way of lifestyle right now is bad, I just simply got tired of it.

Personally, having Laura alone to talk it somewhat, not great.

“Kehmaa～～”

“What is it? Laura.”

“I, I want to eat chicken!!”

“Well, you can eat it right now because you used Goddess Points to take Poison Resistance LV1 after all.”

“Un!”

“Let’s go get some then.”

“Yeah, just like chicken!”

“?”

“Chicken, chiicken!!¹”

Shouting while making a fist, Laura had a smug face.

“.....”

“W-W-W-W-What’s with that face!!

Why are you looking at me like how people would look at rotten worms!!

At least look at me with eyes for fermented worms!!”

“It’s alright if it’s fermented?!!”

“It’s not, but it’s better than rotting!!”

But being able to compromise with that, I thought that the fermented worm Laura is an idiot.

Well, whatever.

We went to the usual hunting ground to get chicken meat.

Passing through the fast growing grasses for an hour.

“We’re near the hunting grounds.....”, the next instant I thought of that.

Zoku——I felt shivers down my spine.

“Ku!!”

I embraced Laura and jumped to the side.

A tremendous impact passed through the place I was standing at.

The ground was gouged with the aftermath of the impact.

〈Hmm, you dodged my charge huh, as expected of the one who defeated 『Suzaku』
.....〉

That guy that released an ominous voice like the king of the underworld, he is――

A chicken.

It is a regular sized chicken that has a gray cockscomb.

〈I am the strongest chicken of the Chicken Four Heavenly Kings. The Bōkōhyōga² Byakko〉

“Did you come to take revenge for your eaten brethren.....?”

〈This world is no other than the survival of the fittest³. It is the law of the jungle that weak ones become meat.

Thinking of taking revenge just because they were defeated, what a foolish thought...〉

“If so, then why.....?”

〈If it is the law of the jungle that weak ones become meat, then it is the law of the warrior for wanting to challenge the strong.....!〉

He’s a chicken, but uselessly cool.

Byakko charged power.

A white aura was created.

The ground shook. I felt pain as if my skin was being pierced.

As if, the air itself was cracked.

Although the opponent, is just a chicken.....!!

Byakko sharply jumped.

I barely dodged it.

The tree behind me was destroyed with a single blow.

This strength――it’s more than that of the Wild Boar Piglet!

Byakko fluttered its wings.

The second charge attacks.

“Fire!!”

I released the Flame Emission LV5.

It is a high-level flame that defeated even the Mad Wild Boar Piglet that has 8000 HP and 7000 Vitality with just one blow.

However――.

〈Fire!!〉

Byakko himself blew fire and canceling out the Flame Emission.

“Ku!!”

I clenched my teeth and staggered.

Byakko’s charged grazed me just a little bit.

That attack, it really only grazed me.

But――.

“UWAAAAA!!”

My body was blown away.

I flew higher than the surrounding trees while spinning vertically.

Two to three of my ribs was taken by that impact.

On top of that, Byakko did not stop attacking.

The relentless charge came towards me in the air.

“Ice Needle!!”

〈Triple Spiral!!〉

Even though I released arrows of ice, he charged while making his body a spiral.

However, he lost his speed a little.

“Charge Slash!!”

I released a flying slash using the sword I got from Laura and adding the charge power that I stole from the Wild Boar Piglet.

ZZAKKU!!

Byakko was cut into two.

“Haa, haa, haa!”

Breath came out of my mouth, and cold sweat fell from my cheeks.

How dangerous it was.

It was really, so dangerous.

It would have been the worst if I did not have a sword and it would not have been better if I did not defeat the Wild Boar Piglet beforehand.

Even if I did not take Swordsmanship using Believer Points, I would have been killed.

This is....., the Chicken Four Heavenly Kings.....!!

However, it was a serious battle but too bad that the opponent is just a chicken.

Even if enemies appear in the future, it would be narrated with a chicken as a standard you know.....?

He's stronger than Byakko(Chicken).

If it's this much.....Byakko(Chicken) was much stronger.....!

It would be narrated just like that.....?

By the way, I deliciously ate Byakko.

Unlike other chickens, he had a thick chewiness like steaks.

The Chicken Four Heavenly Kings' Byakko's unique skill.

The destructive powers of charges will be increased by Bōkohyōga's level x 1.3 times, but the defense will be 1/10 during activation.

◆Drill Spiral

Making one's body rotate and repel attacks.

How strong!!

1.3x per level means that it's 8x at level 6 right.

It has difficulty when using because defense will go down but, as expected of a Four Heavenly King.

Drill Spiral is also high at level 4.

Although the extent of the level up falls below Suzaku, the usefulness of the skill

supplements it.

No, I mean, really.

THE RESOLVE TO LEAVE THE FAMILIAR FOREST

Another week has passed again, and my status is like this.

Magic Powers: 8767 (↑1300)

Learned Skills

Optical Camouflage¹ LV2 1/150

Mud Shot LV1 22/50

I got the Optical Camouflage LV2 from eating a big white chameleon called White Chameleon.

I got the Mud Shot from a chunk of mud monster called Doromeba.

It's a muddy shaped monster which is a gathering of myxomycetes(things like amoeba) that taken in mud.

If you ask me, "how the heck did you eat that?!!", the answer is, I made soup with it. After boiling once, I used a cloth to filter the mud and drank the remaining soup. It's like a miso soup made with freshwater clams, so it was quite delicious.

Laura had an upset stomach, but I was fine.

The Poison Resistance that Laura has is LV1, but I have LV2.

I think that difference was significant.

While holding her stomach, Laura shouted with teary eyes.

『Goddesses don't go to toilets!!! They dooonn't〜〜〜!!』

There is also a type of skill that is useless.
It's this.

PuruPuru² LV4

It is the skill that I acquired together with the Mud Shot after eating the Doromeba.
If you want to know what effects it has――

◆PuruPuru LV1

Purupuru.

◆PuruPuru LV2

Decently Purupuru.

◆PuruPuru LV3

Amazingly purupuru.

◆PuruPuru LV4

VERY purupuru.

What the heck does that mean!!
Skill?! This is a skill?!!

On top of that, why is the Level4 in English?!!
What the heck does that mean for god's sake!!

That kind of thing happened, but my level is progressing very well.
About my current skills, I also made it Swordsmanship LV4.
That is after using all the points that I gained from the Mad Wild Boar Piglet and

Byakko.

I found out that even increasing the level even once is very significant.
Especially when I raised the Swordsmanship from level 3 to level 4. I became able to release sword pressure just by swinging the sword.

It is impossible to destroy boulders, but trees were cut off cleanly.
I could slice into two if it is only 3 meter and only leave a gash if it is 5 meters.
I could cut thin branches even at a 7-meter distance.

And 7 meter is quite a distance.
On top of that, it is cool.
I am very satisfied.

And like that, the days were very fulfilling, but――.

“Uuu.....”

Laura got an upset stomach again.
She is holding her stomach with a pale face.
Laura has acquired Poison Resistance LV1, but LV1 is not enough in this forest.

She has an adorable face with twin tails hair and huge breasts, so it is ruined.

“Kehma! Kehma! Kehmaaa!!”

“What.”

“I want to leave this forest already!!!

If this continues, my self-image will be destroyed!!!”

“Not mentioning getting destroyed, it’s like it’s getting stronger with each day?”

“Eh! I-Is that so?

My self-image is great and famous so much that it won’t get destroyed by just an upset stomach?”

Laura seemed very happy.

“By the wayyy, how is it specificallyyy, what kind of image is theree?
Like Aroma, the goddess of beautyyy?
Or like Deety who has many glorifying due to strength?”

“With a few words――.

“Un! Un!”

“Like Beelzebub who’s not a king.”

“That, isn’t that just a fly!!!

You, what the heck are you thinking of me?!!”

“Like Beelzebub who’s not a king.”

“I’m not asking about thaaaaat!!”

Laura shouted with a ($> \triangle <$) \circ face.

“That’s weird right?! I’m a Goddess you know?! I am Megami?!

It is true that I was careless sometimes, but I am still a Goddess?! In short, MEGAMI?!!

All of it should be covered by my overflowing elegance right?!!!”

“No, well, I thought that Beelzebub is too much too.....”

“I know right?! Right?! It is not too late; I’ll forgive you if you take back your words!!!”

“I don’t know other famous gods, who have erotic topics after all.....”

“Why are you taking erotic topics³as example?!!?!?!?!?”

The useless goddess Laura has tears in her eyes.

This is, well, I feel bad for her just a little.

However, real sympathy is also an insult.

Laura also felt that and started to fling her arms after turning over.

“No, no, no, no! I don’t want this anymore!! I want to get celebrateddd!
I want to get recognizeddd! I want to get more and more worshippeddd!!”

Not only her abilities bad but she is a useless goddess as well when it comes to her personality.

However, the useless goddess who was flinging out is too unguarded.

Described with some words, she has an appearance that one would like to step on her.
It is like that, so――

I stepped on her.

“Geffuuuu!!!”

I only lightly stepped on her but a voice that a goddess shouldn’t make was made.

“Stepping on a crying girl, are you a brute?!!

I mean, I’m a goddess you know?!!

If you’re a believer, you won’t even step on my picture right?!

But attacking me directly, that’s too much even if you don’t revere me?!!”

“The common sense also says that, but I just thought, it might be fine since it’s just you.....”

“Kehma you idioooooooooooooooooooooottttt!!!!”

Laura ran with a dash.

She stepped on the Treant’s leaf that I am drying inside the cave.

It would be a decent tea when soaked in hot water.

“Fuu.....”

I let out a sigh after a leisure 30 minutes.

“Kehmaaa! Kehma, Kehma, Kehmaaaaaaaa~~~~~”

The useless goddess returned.

“Help me! Helppp mee!! Heeeeeeeeeeeeeeeeeelp~~~~~!!!”

Behind her, a flock of chickens.

“Fire!”

I used Flame Emission level 6 and cleaned up the flock of chickens.

I understood after using it for many times but, level 6 is frighteningly strong.

After all, I am able to release Sword Pressure with just a level 4 Swordsmanship.

The level 6, it overwhelms those two.

Chicken Four Heavenly Kings.

It is a name that sounds like a fool, but their skills are real.

However, a ray of light pierced through that flame towards me.

“?!!”

I instinctively blocked it with my sword.

I blocked it with the skills of a master that can release a slash of Sword Pressure, but my hand still got numb.

The identity of the light that made my hand numb is a very thin needle.

Countless needles flew towards me.

“HAAAA!!”

I released random slashes and blocked all of that.

〈As expected.....of the man who defeated.....Suzaku and Byakko.....〉

A shadow appeared from the forest.

He is――.

A chicken.

He is an arrogant chicken that has a dark gray cockscomb.

〈My name is.....Genbu The wisest chicken of the...Chicken Four Heavenly Kings...〉

His voice is strictly solemn but his appearance, no matter how you look at him, is a chicken, so it is ruined.

〈The reason I came today, is to say my greetings〉

“Greetings.....?”

〈I want to have a deciding fight.....between you and me〉

Genbu who said that somehow seemed like he had a fearless smile.

“.....if I refuse?”

〈Then every night, in front of this cave, the call of “Kokkekokkkoo” shall come.....〉

What a plain harassment.

However, it is very effective having calm destructive power.

〈Well then.....I shall wait for you..... Kokekeke, kokeekkekeke!!〉

The wisest chicken of the Four Heavenly Kings flew away while having an arrogant laugh.

I used Healing Magic on Laura who was left alone.

“Are you alright? Laura.”

“I wanna leave this forest. I wanna leave this foreeeeeest~~~~”

The useless goddess Laura wept clinging onto me.
It cannot be helped.

“Let’s leave it then. This forest.”

“Eh.....?”

“This forest isn’t that bad, but I want to sleep on soft and fluffy beds too.”

“What about the duel.....?”

I said.

“I’ll skip it!”

“Eh.....?”

“Since he went on his way to call me means, he had some considerable preparations, right?

The experience points and skills of the Four Heavenly Kings are attractive, but the risk is too high.”

Laura was astonished for a while——

“A genius.....?”

She muttered.

“Amazing, amazing, amazing, Kehma’s amazing!!

Duels, I thought that one must absolutely come when you receive a challenge!!

And to skip that, Kehma’s amazing! Genius!! Prodigy!!!”

Laura praised me with shining eyes.

Becoming a genius with just this, I really have doubts about this girl’s intelligence.

However, Laura is an idiot girl.

She took my silence with a different meaning.

“Ah! Are?! Prodigy, it isn’t a praise?

The person who was summoned to this world in the past, he used that in that kind of meaning though.”

“It’s a praise alright.....”

“I know right! There’s no way that there would be a mistake with what I say after all, right!”

This goddess, why doesn’t she lose her confidence?!

She might continue tap dancing even during an 8 magnitude earthquake!

Anyways.

It is decided that Laura and I will leave the forest that we became familiar with.

CHAPTER 8

THE MAIN CHARACTER ARRIVES IN THE TOWN

“Well then, let’s go!”

Laura made a fist and raised it high.
She started walking with high spirits.
I sent her off silently.
And after five minutes.

“Kehmaaaa~~~~~”

The useless goddess Laura returned while crying.

“I don’t know the waaaaaay~~~~~.
Which direction should I goooooo~~~~~?”

“You walked with that confidence although you don’t know the way?!!”
“It can’t be helped right!
I’m in high spirits after all!!!”

It cannot be helped if she is in high spirits.

“Wait right there.”

I said that and kicked the ground jumping up high.
I quickly exceeded the tall trees and floated in the air.
The scenery from high above has an extremely nice view.
The wind strokes my cheeks.

After looking at the town that is a little far away, I suddenly felt something and looked to the sky.

I saw a Sea Serpent-like creature between the clouds.

A rainbow-colored mane and a milky shining body.
Its size is big enough for seven to eight people to ride.
It is a scale that I could only be moved seeing.

(It's a sea serpent in the sky, so maybe I should call it Sky Serpent?)
(I mean, this world, it's really vast)

While thinking of that, I slowly descended and——landed on the ground.

“Yosh, let's go.”
“Uu!....., un.....”

Laura followed me from behind and slowly took my right hand.
Her hand was unexpectedly soft, and my heart skipped.

“Wh-What is it. So suddenly.”
“Uhh, uhm.....uhh. Thank you.....”
“A!.....after all this time?”
“Un.....”

Within a strange air, the useless goddess and I started walking to leave the forest.
It took us about two to three days, so I leveled up on the way because of eating a lot of things.

We left the forest after this, and that happened.

We came out to a vast grassland.

After climbing a gentle slope, a town surrounded by walls is there.

I advanced together with Laura.

The monsters in the grasslands are mostly small.

Either be it rabbits or boars, they have sizes that are not strange to see in Earth.

However, the rabbits have horns, and the hide of the boar is green that can camouflage itself within the grass, so I really think it's a different world.

Also, the fishes, they are floating.

Slightly large Guppy-like fishes were floating in a school.

It is really a different world¹.

"Do they have skills or something? The monsters around here."

"From how it looks.....they don't."

"What about their status?"

"It's like, the fish is level 2, the Horned Rabbit is level 7, and finally level 20 with the Grassland Wild Boar."

"It means that the boars are at the same level of rookie adventurers huh."

"It means that they're grassland monsters nearby towns."

I continued to walk casually.

" " " ○ × △ \$ ■ ♪ ! ! ! " " "

The monsters reacted sharply and ran away like hares.

They're weak but smart.

And with this and that, we went to the town.

But, however, the Guard-san in front of the gates called us to a stop.

“Hey, Nii-chan², show me your proof of identity if you’re going to pass.”

“Is it needed?”

“Well, yeah of course.”

“Well, that sucks.....”

“Leave it to me.”

Laura quickly stepped forward seeing me troubled.

This confidence of hers, should I believe that she has something in mind?

Something like, she knows someone inside the town.

“Jou-chan³ has one? Proof of identity.”

“Of course!”

Laura placed her hand on her huge breasts and did a strange pose.

“I am the Goddess of Wisdom, Laura Gine Amara!

The Goddess worshiped by the Amara Church!

This posture and great divinity prove my identity right?!!”

That expression of hers.

It was almost the sound effects ‘*Doyaaa*⁴.....’, would be played by a full orchestra.

Although, I could only see her as a tsunami-like idiot.

However, I have stayed in this world only for a while.

There is the possibility that it would look differently from the people living in this world.....

Or not.

The Guard-san, he looked at Laura with eyes that one will use when they look at the craziest idiot in history.

And after doing that, he looked at me and said while he puts a hand on my shoulder.

“Do your best alright.....”

He’s a good person.

“Anyways.....if you do not have proof of identity, go enter the town first and register at the Adventurer’s Guild.”

“Is that alright?”

“It’ll only be trouble if you become thieves or bandits after I chase you off here.”

The Guard-san took out a vial.

A pink-colored liquid like strawberry milk is inside.

“What’s this?! Looks delicious!!!”

Laura stole the vial from me and started drinking it.

“That thing, what was it?”

“It’s milk mixed with Poison Strawberry.”

“BUFUOH0!!!” ←Laura

Laura shouts with teary eyes after spitting it out.

“Eh! Hey! Poison??? What?! You mean poison poison?!!”

“After a while after drinking it, you’ll have an upset stomach, and die after a night you know?”

“Going to dieeee?!! I’m going to dieeee?!!”

“That is quite some dangerous thing you let her drink.”

“Just by having unknown identities means that those guys are that dangerous.”

“I see.”

“Whyyy are you so caaaalm!!! Kehma you idioooott!!! Oniiii⁵!!!”

I completely ignored Laura and asked the Guard-san.

“But, if we finish registering at the Adventurer’s Guild, you’ll give us the antidote right?”

The Guard-san widened his eyes as if he’s surprised.

“Kid, you’re quite sharp.”

“If you’re planning on killing using slow-acting poison, you won’t say that its poison after all.”

In that meaning, it is even doubtful whether people would really die from it. It’s like the old ladies from Osaka saying “Here’s your change of 3 million yen.”.

“Even so, being calm although you comrade drank a poison that she might die from, that’s great.

After all, people like Adventurers must always stay calm.”

“Anyways, if there’s a need to drink it, please give me mine.”

“Alright.”

I received the vial and drank it.

Its taste is just exactly that of a strawberry juice.

It is mellow, sweet and refreshing through the throat.

ARRIVAL AT THE GUILD

“Kehmaaaa, hurry hurry hurryyy. I’ll die. I’ll dieee!!”

The useless goddess Laura pulls the hem of my clothes while crying out loud.

“It’s alright. You’re a goddess right.”

“What will you do if by chance it isn’t alriiiiight~~~~~”

I went to the Guild taken by Laura while she cried out loud.

“PHEELPPHH MIEEE!!!”

The useless goddess Laura shouted with a crumpled face.

“HEELPPPPP MIEEE!! I-I-I’M GOING TO DIEEEEE!!”

“E~too.....”

“When we told at the entrance that we didn’t have proof of identities, they made us drink Poison Strawberry.”

“Ah~, ah~, ah~”

The Onee-san in the reception nodded in understanding.

She placed two white pills at the reception counter.

Two of them.

“FUAAAAAAAAAAAAAAAAAANN!!”

Laura took the pill and passed me the other one.

“Kehma drink it!! Kehma drink it tooooooooooooo!!!

AAAN!! AAAA~N!!! AAAAAAAA~~~~~N!!”

How can I say this, she became like a monster being so confused.

“Calm down first.”

Detoxification Constitution LV1 1/50

Raised Skills

When I thought that my Poison Resistance would go up, I got a different skill.

From how its name is, is it about healing faster from a poisoned state?

When I thought of that, an explanation came out.

◆ Detoxification Constitution.

Reduces the time of healing from a poisoned state.

It was exactly the effects that I thought.

It might be easier to say that the Poison Resistance will make someone unable to get drunk from alcohol.

The Detoxification Constitution will make someone sober up quickly.

I mean, since it can be taken care of with a level 1 proficiency 1 antidote, I feel like dying from that poison was a lie after all.

Though, it was true that it is a poison so people really might get an upset stomach from it.

“Even so, what a rough threat.”

“Before, people were just reminded to hurry up to some guild, but people who leave it for later have increased, so.....”

I see.

Well, whatever.

“Anyways, it’s like that so it will be nice if you can let us register.”

“The registration fee will be 30 thousand Barse.....”

“Thirty.....thousand.....?!!

“It is a card that proves one’s identity after all.....”

“I do not have that much though.....”

“If so, please sign in this borrowing certificate.”

“You are lending huh.”

“Chasing away people who do not have money will become excessive costs instead.”

Onee-san said the same thing with Guard-san.

It might already be a common recognition about this kind of thing.

That is very helpful.

I signed on the borrowing certificate.”

“Being in debt, it’s not something that a goddess should do right.....?”

“Just sign it.”

“Fueee~~~~”

Laura was complaining, but she signed after I pinched her cheek.

And after that, we received an explanation.

“First, the Guild has the ranks from A to G.

The quests that you can take are those that are the same or below your ranks.”

“Yes.”

“Until F-Rank, just by clearing 5 quests of the same rank makes it possible to raise your rank.”

“Is it different from E-Rank?”

“Commonly, E-Rank and above needs 5 quests of the same rank cleared and a passing of the Rank-up Exam.”

“Since you’re saying commonly, is there an exception?”

“Adventurers B-Rank and above can recommend those of the F-Rank or G-Rank and raise them to D-Rank.”

“I see.”

“However, in the case where the recommended adventurer was judged as ineligible, there would be a penalty for the adventurer who recommended them.”

“Well, if there’s no penalty, there might be guys who would recommend weird guys after accepting money.”

“It is helpful that you quickly understand.”

We received explanation like that, but there was no particular thing that is troublesome.

“When taking quests, please take the quest form on the bulletin board that can be seen to the right, and bring it here.”

“The colors of the bulletin board are different though?”

“The green board is from G-Rank to F-Rank.

The blue board is from E-Rank to C-Rank.

The red board has quests for ranks higher than that.”

“It is very reasonable huh.”

“Thank you very much.”

And lastly, we received our card.

It is an excellent thing that becomes a card exclusive for yourself by pushing your finger against the edge of the card and make it used to your magic powers.

It shined with a silver color and made me excited.

“How beautiful～.....”

It was the same with Laura.

She raised the silver card to the sun and stared at it with a bright shining face.

“If she just acts properly, she would be really cute though.....”

It was that picturesque that I even thought like that.

“Since we got a card, let’s go take some quest.”

“It is strange for me, the great and famous Goddess of Wisdom, to be at G-Rank after all!!”

Aren’t you a Goddess of Shame.

I wanted to say it like that, but it is good that she is eager.

I decided not to say it out loud and went to the green colored bulletin board.

CHAPTER 10

“I’LL GIVE Y’ALL GUYS THE WOMAN! DO AS YOU LIKE!” BY THE MAIN CHARACTER

I stared at the bulletin board and searched for G-Rank quests from the edge.

Removing graffiti. 200 Barse.

Cleaning the town canals. 300 Barse.

Carrying merchant’s baggage. 500 Barse.

As expected of G-Rank. They’re all safe quests.

(But, if I’m going to do one, I’d like a quest to fight monsters～)

I could raise my skills and experience points by eating monsters too.

When I’m thinking like that while looking, I found an interesting quest.

Quest.

Collect Caterpillar Egg.

Difficulty

G +

Rewards.

1000 Barse.

Details.

Seeking Caterpillar Eggs.

The quantity is 5.

Not to be purchased if broken.

“Hey, Laura. Do you know what’s a Caterpillar Egg?”

“E～to…….”

Laura poked her temples.

This girl who at least seems to be a Goddess of Wisdom is possible to access the Spring of Wisdom where knowledge has accumulated.

It sounds like an exaggerated function, but in short, it is a dictionary.

I heard that if it is not updated regularly, the information will become old.

“Just like its name says.....it’s the egg Caterpillar”

“It’s really literally like that huh”

I looked at other quests.

However, other than that, there’s only Goblin Subjugation with the other monster-type quests.

If it’s between Caterpillar and Goblin, Caterpillar sounds better.

I took the Caterpillar Egg Collection Quest paper and went to the reception.

“This is.....a G+ quest huh.”

“Is it bad?”

“There is no problem according to the rules, but if it is——the first quest, I cannot recommend it.”

“It’s alright. There’s two of us too.”

“That is true.....”

The receptionist Onee-san took out one card.

“Please take this card.

This is the proof that you have taken the quest.”

G-47 is written on the card.

“Thank you very much.”

I said thanks and left the guild with Laura.

It’s a cliché quest, but I felt like “Yeah, here I am ISEKAI!”.

However, behind me, an ominous shadow approached.

It has a strong evil intent.

I acted like I did not notice and went to a place where there are only a few people.

“Eh! Are?! Kehma. This path, isn’t it a little wrong?”

“Don’t mind it.”

“I’ll mind it!

On top of being narrow, there are almost no people!

Don’t tell me, you.....to me.....?”

The useless goddess Laura did not notice the presence at all.

“N-N-N-N-Nooo you shouldn’t!!

I know that you want to attack me super much, but there is, there is an order for time, place and sequence.....!!”

“Whatever, just shut up.”

“Fumii〜!”

I pinched her cheeks and made the useless goddess shut up.

“Oi, oi, oi, oi, Oiii, oi oi!”

“You show-offs!”

“You look like you planned on doing this and that and this, but we won’t let you!!”

The group of three skinheads came while they swaggered their shoulders.

” ” ” This Cellville, is a clean town where young men can live! ” ” ”

“And your real feelings.....?”

” ” ” Something like bringing a woman with you, don’t kid around!!!! ” ” ”

It was a group of three that is really easy to understand.

Honestly, I do not hate them.

If it is with these three, Laura might get her happiness.
Rather, it must be so; she will become happy.
I said.

“I’ll give y’all the damn woman! Do as you like!!!”

” ” ” Huaaa?!! ” ” ”

The three men had their eyes popping out like a dove showered by machine gun bullets.

“H-H-H-H-Hey, what are you thinking!! Kehmaa!”

“I cannot, make you happy.....”

“That is, right..... It is true that, Kehma and I feel like we do not belong for each other.....”

Laura whispered emotionally then said with a face full of mercy.

“But, I am a Goddess!!

Even if Kehma is such a bad boy, I can watch you as you grow if you really insist——
!!!”

“Why do you have such an arrogant attitude!!”

“Fumiiii~~~~~~!”

When I pinched her cheeks, the useless goddess moaned.

The skinheads who are surrounding us had an indescribable face.

They had the expression, (This guy, maybe he isn’t someone to be jealous of.....).

I let out a sigh and said.

“And then..... What do you want again?”

“Although we three great guys look like this, we’re famous as the ‘Kind Group of Three’ you know.”

“We just found a rookie like you, so an errand boy.....no, we wanted you to carry our baggage ya knowww!!”

“You’ll be able to see us the three great guys’ high-level battle without danger right?”

” ” ” That, we thought of saying, but..... ” ” ”

The three guys looked at me with eyes of sympathy.

Like the peasant who understood. The citizens who were dying from hunger had their resolutions and intruded a noble’s mansion.

However, there was also no money nor food inside the noble’s house.

The dwelling was the only luxury there.

The peasant understood that, they were only victims as well.....

The three men, they had exactly the same face.

“Haa.....”

I let out a sigh.

I thought of asking them to take Laura but, it is completely impossible.

I feel too bad for them.

Even if the opponent is punks, there are things that one should do and one should not.

“If it’s high-level battles, I have enough, so.....”

I said that and tried to pass by the punks.

But――

“Wait a minute!”

Of all the people, Laura stopped me.

“If it’s that high-level adventurer-san’s battle, isn’t it good to have a look?!”

The super ultra amazing idiot girl that is a useless goddess believed them without any doubt.

If a pot named “A pot that will make you healthy” was being sold, she might say something like “A pot that will make you healthy?! How amazing!!” and buy it.

“Use it, use Identify.”

“Eh.....?”

Laura used Identify on the adventurers.

Her beautiful face had narrowed eyebrows that cannot be exaggerated in the world.

Rather than anger or disappointment, the colors of confusion are stronger.

She had a face like a little sister who saw her brother that she believed to be a diligent student council president, dancing around wearing a sailor uniform.

(It's low, right?)

I do not have Identify, but I can tell their strength whether they are weak or strong just by feeling it.

Laura made a small nod.

(There's at least 60, so I think that they're high ones, compared the adventurers inside the guild, but.....)

(I have exceeded 1000 after all, right)

(That is right.....)

Laura and I once again tried to leave.

And then, the three men called out with a kind voice.

“Do your best.....kid.”

“Really.....do your best.”

“Live....., live strongly.....”

The Goddess Laura even changes punks into kind people.

The truth is written correctly, but it is a sentence not different from a fraud.

CHAPTER 11

FIRST QUEST

“E~to.....”

After being treated kindly by punks, I looked at the guide memo.

“Caterpillars, they can be found in the 『Beginner’s Forest』 , if you go straight from the south of the town.....huh.”

It was a casual letter.

However, there was a continuation in the guide memo.

“Please absolutely not enter the Desperand Forest to the north.

Double A-Rank Chimera Lion and B6 Mad Wild Boar Piglet exists there.

Even if you enter accidentally, rescue teams will not come.”

“What do Double-A and B6 means? Kehma.”

“Double A means two A-Rank adventurers.

B6 means that six B-Rank adventurers, only then that it could be subjugated safely.”

“I see.....”

The useless goddess nodded.

However, I had a cold sweat.

The forest that we were in, it was such a dangerous place!!

However, thinking about it oppositely, that is the reason we spend time there safely. Because there are high-level monsters around, there are only a few monsters that escape their territory.

As long as the territories are known, the possibility of accidents happening can be minimized.

After walking for a while.

A green forest can be seen.

There is probably many adventurers who visit it regularly. There is a proper path in the forest.

But even so, we entered warily.

“GyaGyaGyaGya.”

“Kiiー, kiiー.”

“Hoー, hoー.”

Cries of birds and insects could be heard, but Laura and I were not attacked.

It is like, as living things in the forest, they know that the creatures that pass through this path(in short, adventurers) are dangerous.

We continued to advance, and it is the end of the path.

In front of us, it spread, tens of leaves.....

That was, really, leaves.

However, they are big.

It has about as tall as my waist and wide enough that kids could easily mount on it.

Those leaves were like Fuki; they grew from the ground.

A 30cm long caterpillar was munching those leaves.

There is one of them riding one leaf.

“I guess that this is the Green Caterpillar?”

“It seems like so!”

I approached the leaves to find eggs.

“Kyata?!!”

The nearest caterpillar noticed my existence.

“Kyatapiiiーーーーーーーーーー!!!”

The Caterpillar raised its body and released a supersonic-like sound.

“Kyata?!”

“Kyapi!”

“Kyatapiiiiiii—!!”

The caterpillar that heard the voice made their bodies round at once.

They fell from the leaves.

Half of them pretended to be dead, and the other half ran with a dash.

The dictionary goddess Laura that knows what she knows started explaining.

“It’s their instincts that by taking different actions, their swarm would not be annihilated, even if those that run away were targeted or those that pretended to be dead does.”

“I see.”

When I understood it like that, the caterpillar that shouted spits out thread.

It is a movement from its instinct, not caring if it dies as long as the swarm lives on.

Insects that think of the whole swarm as one individual also exist on Earth.

For example, aphids.

Aphids are sap-sucking insects.

However, if the colony becomes too large, all of them will have a mutual destruction.

That is why, when their colony reaches a certain number, they release pheromones that attract their natural enemies.

And with that, they thin out themselves to prevent mutual destruction.

I could not help but to get moved to their sophisticated appearance as species.

I easily dodged the thread, neared the enemy and shouted.

“Wa!!”

(Kyatapi?!!)

The caterpillar that I shouted flinched then lost its consciousness.
It made its body round and fell tot he ground.
If it isn't resisting, there shouldn't be any reason to kill.
I searched for eggs with Laura.

"I found it!"

"There's also some here."

The size and shape of the egg are similar to that of a coconut.
It looks like that and has a pale yellowish white color.
I think you could understand if I say it's the same color as a hot cake batter before it's cooked?

(Coconut juice, I wanted to drink it at least once.....)

I mean, really, looking at it like this, I could only see it as a chunk of delicious juice.
I looked around and picked up a bamboo leaf-like grass.
I used the stem as a substitute for straw and sucked the liquid inside.
It was like a pudding was changed into a juice, thick sweetness spread above my tongue.

Delicious.

CHAPTER 12

EATING DELICIOUS DANGO

We collected eggs and returned to the town.

We went to the Client-san.

It is called Dack's Dango Store.

"Is it right here....."

When I muttered that, an Ossan¹ came out.

"Heya, heya, heya. You are the Adventurer-san that took the quest this time?"

"Yes, that is correct."

"I am this store's storeowner, Dack Donald."o."

"Nice to meet you."

I entered the store.

I placed the egg requested on top of the counter.

The store owner Dack looked at the eggs with a monocle-like item.

"One, two, three.....there is five.

It also looks like they're not broken."

"Thank you very much."

"Well then, can you take out the card?"

"Card?"

"It's where G something numbers were written when you received the quest."

"Is it this?"

I took out the card where G-47 is written.

"That's right, that's right, it's that."

Dack wrote in the card "Dack", his own name.

"If you submit this to the Guild, the quest is complete.
It'll be over if you lose it, so don't lose it alright."

"Yes."

"Un, Un, yeah."

Dack smiled pleasantly.

"By the way, we have something like a contract with the Guild."

"Contract?"

"We make quests for G-Ranks more than once every month.
In return, the commission taken will be very cheap."

"You can receive eggs a little less expensive.

The adventurers can get experience.

The Guild can nurture adventurers while securing a certain income—is that correct?"

"Adding to that, there's another thing."

Dack took that thing on a bamboo leaf.

It is a Manjū² with a tender leaf color.

"This is usually 100 Barse each, but this time its free as the first time service."

Laura says.

"You mean it's free?!"

"That is correct."

"What's that, amazing!!! Are you actually a god?! Kami-sama?! A fat man?!"

"What rude things are you saying?!"

"Fumyaa!!"

I knocked Laura's head and did a headlock.

I apologized to Dack-san.

“No, really, I am very sorry! Our idiot is really!”

“That’s tough, isn’t it.....”

Dack-san laughed wryly.

“Anyways, since you’re giving it for free, we will take one.”

I took the Dango.

While having a soft and light texture it has some weight to it.

I smelled it.

A green scent tickles my nose as if it is the sprouting young leaves in May.

I took a bite.

My front teeth sank to the leaf colored manjū.

The red bean jam-like sweetness mixed with my saliva and spread throughout my mouth.

Delicious.

My level increased by 1.

“Kehma! Kehma! Kehmaaa!!”

Laura made fists with both hands and stomped on her place.

“A～n!”, she opened her mouth.

I placed all of it in.

MokyuMokyuMokyu

Laura tasted it, swallowed, and put her hands on both cheeks then――.

“Deliciooooooooooooooooouuuuuus～～～～～!!!”

She got moved with a (><) Face.

“What’s this! So delicious! Amazing!

The super refreshing young leaf knight, it destroys my tongue and this town with green scent and sweetness!!!”

” ” He’ll destroy it?!! ” ”

Dack-san and I said at the same time.

As usual, this girl’s language is sometimes strange.

“What’s the ingredients?!! What did you make it from?!!”

“Please follow me yeah.”

Dack took the eggs that I brought and went to the back of the store.

Laura and I followed.

In the very wide garden――.

(MoshaMoshaMoshaMosha)

(MoshaMoshaMoshaMosha)

(MoshaMoshaMoshaMosha)

(MoshaMoshaMoshaMosha)

Green Caterpillar.

It is eating huge leaves like MoshaMosha.

Just like in the place where I took the eggs, there is one for one leaf.

“Eh.....?! Eh.....?!”

Laura’s face became pale.

However, I already drank the egg.

That is why unexpectedly, I feel fine.

“The Green Caterpillar, you used it as ingredients huh.”

“You would think so right.”

“Is it wrong?”

“It is wrong if you say it is wrong, and it is if you say it is, yeah.”

Dack-san grinned with a smug face.

“What we are using is not Green Caterpillar.

What we are using is the Green Caterpillar that grew up eating Great Radish³.”

“I see.....”

“Eh! Hey! What does it mean?!”

“For example, there is a fish?”

“Un!”

“If you roast a whole fish that just eaten a poisonous insect, what do you think will happen if you eat all of it?”

“Delicious!!”

I pinched Laura’s cheeks.

“Fumiiii~~~~~.

Why?! Why?! Whyyyyyyy~~~~~?!!

Roast fish, they’re delicious right~~~~~?!!!”

“Since it’s a fish that just ate a poisonous insect, of course, it will have poison!!!”

“If you meant that, say it normallyyy~~~~!!

Fumii, Fumiiii~~~~~”

The idiot girl Laura moaned while her cheeks got pinched.

“Our Green Caterpillar is the opposite of that, yeah.

We made them eat many leaves and chose the one that they get delicious the most.”

Dack-san nodded with emotion.

“We tested 50 kinds, yeah.....”

It is true that its taste is worth all that trouble.

If I have leeway with money, I want to become a regular customer.

1. Ossan(おっさん) – middle-aged man
2. まんじゅう – a bun with a bean-jam filling.
3. The raws say グレート・ラビッシュ which means Great Rubbish but dunno.
Radish, I think because the caterpillars are eating leaves.

CHAPTER 13

LET'S STAY IN AN INN

On our way back after our work ended.

When we were going to the guild, Laura said something.

“Our work, it ended huh~, Kehma!”

“I guess so.”

“What are we buying?! What are we buyingg?!”

“Eh.....?!”

“After all, I’m a goddess right~?

Something like a ring, or an earring, I think that having pretty clothes are good too~”

Laura placed a hand on her cheek and started twisting her body.

“Like eating in an elegant restaurant, going to resorts is good too!

So great and famous!”

This girl, what the heck is she dreaming with just a G-Rank quest.

“Of course, Kehma could also buy swords and shields if you find ones that you like!!”

Really, what the heck are you planning on buying with just a G-Rank quest’s reward?

“It’s so exciting~~~. Ehehehe~~~~~”

However, that smile, I do not want to admit it but it’s cute.

This girl, really, all that’s good about her is her face and breasts.

We arrived at the guild.

I took out the signed card and gave it to the receptionist Onee-san.

“Yes.....certainly”

Onee-san who checked it received the card.

(It’s so exciting! So exciting!)

The useless goddess Laura said in a small voice.

I’m also looking forward to it.

It’s the first reward from the first job in this world.

“Well then, this will be the reward.”

Charan.

A small change is on top of a small tray.

There are two silver colored coins like a 100 yen coin.

“Eh.....?”

Laura widened her eyes stunned.

“Eh.....?! Eh.....?!”

She looked at Onee-san and the small change alternately.

I asked.

“Is one silver coin, 500 Barse each?”

“Yes, that is correct.”

Then, just like it’s written in the quest paper, 2 silver coins is 1000 Barse.

“Why the way, where’s the cheapest inn around here?”

“If it is an opened guild officially recognized store, it will be Asha’s Crescent Moon Inn¹
If it is for two, it will be 1000 Barse for one stay.”

So expensive!

All of the earnings would be taken just staying one night!!

“It is a little expensive for an inn, but there will be breakfast and dinner, and lunch box for lunch.”

I see.

If so, it would be cheap instead.

After all, a dango is 100 Barse.

I think that the dango is expensive instead, but it just probably means that it is just such a special product.

Even in Japan, there is also coffee for 1500 yen that is picky with its ingredients.

“Fuee, fueeeen.....”

However, although I was calmly thinking all about that.

The useless goddess, she placed her face and hands on the counter and started to sob.

“Let’s go Damegami.”

“Fueeeeee~~~~~n”

I received the two silver coins and walked dragging the goddess that is useless.

“Fueeen. Fueeen.....”

“Until when are you going to fueen?”

“But, but~.....”

“I mean, please stop it. If you fue at me inside the town, I’ll get troubled from standing out.”

“Kehma.....will be troubled?”

“Didn’t I just say that.”

“Then....., I’ll stop.....”

“You’re obedient in weird times.”

“Kehma has, taken care of me, a lot, so.....”

It is good being behaved.

I took Laura and went to the inn.

“This is the best!!²”

When we entered the inn, a blonde hair Ojou-sama³ shouted.

More specifically, it might not be correct.

But seeing a blond hair with curled locks, I would associate it with an Ojou-sama.

The Ojou-sama, she drank the liquid that seems to be beer inside a jug.

And in front of her, a muscular man that has beard that almost combined with his sideburns.

The Ojou-sama drank what inside that jug with an ecstatic face.

Gogyuu. Gogyuu. Gogyuu.

Every time the liquid decreased, her white neck moved and sounded.

Her sweat spreads on her white skin.

“Puhaaa!!”

The girl, she made the most refreshing smile she could make.

On the other hand, the man collapsed with a pale face.

The Ojou-sama said with some loneliness.

“It is, my win again.....”

The surrounding men brought the collapsed man to the corner of the room.

“There’s guys who don’t know their places huh, challenging Asha to a drinking battle.”

“Are you the one to say that? Are you?”

“It’ll be over if you say that.”

” ” ” Gahahahahahaha!!! ” ” ”

I don’t really know, but it is a lively atmosphere.

It’s difficult for a rookie to join it.

But――.

“The person there! Are you a new rookie?!”

“E～to.....yes. I was introduced here, by the guild.....”

“I am Asha! I am the one who is in charge of taking care of this inn⁴!”

“Please take care of me. I’m Kehma.”

“What about alcohol?! Do you like it?! Do you love it?!”

Love or like?

I of course, love and like it, piercing through the heavens!!⁵”

“It is not like I like it, things like that.....”

“Impossible!!!!”

The Ojou-sama shouted.

“Adventurers who do not drink alcohol are like caterpillars that do not metamorphosis you know?!”

It is a midori caterpillar you know?!”

Why in the world are you living then?!?”

“Even so, the world is vast, things that are better than alcohol.....”

“They do not exist!!!”

It was an instant answer.

“Of course, when it comes to micro, it is not nothing!

However, in front of the great alcohol, it is like a tick bragging about being bigger than a flea!!!”

Seriously?

“If you cannot understand it with alcohol, I do not mind even if it is meat or fruits!

Being able to eat your favorite food at your favorite time.

That is what you call happiness!!⁶”

“Ah! You meant it like that.”

“That is right!”

Asha nodded strongly.

“Well then, first should be a meal alright!!”

Asha went to the back of the store.

About ten minutes of waiting.

A huge amount of food came out.

Fried chicken-like leg and green leaf. And there is white bread.

Asha took the chicken-like leg and ate it heartily.

And then, she covered the meat with the leaf, and changed it into a sandwich.

“Biting it off like this after preparing is the manner!

The point is not biting but biting it off!!”

Asha held the sandwich with both hands.

She bite it off like she declared.

The white meat flew like saliva and the umami-full fat scattered.

Gabu, Gabu, Gabu, Kokun

Asha gulped after tasting it.

“Do you understand?!”

“Ye-yes!”

I copied Asha.

I removed that chicken-like thing with my mouth and enveloped it with the green leaf.

I sandwiched it between the bread and bit it off heartily.

The bread full of the spicy chicken-like taste and the chicken taste.
And the contrast of that with the vegetable was really amazing.

And the useless goddess Laura started stomping just as usual.

Just like a chick asking for food, “A~n”, she opened her mouth.

I let her eat the sandwich.

MoguMoguMogu, Gokyun

Just as usual, Laura tasted the food then gulped.

“Deliciousssss~~~~~!!”

She made the usual (><) face and trembled with deep emotion.

“Delicious! Amazing! Delicious!

The meat and fat that mixed with the bread is like very moist, but thanks to the bread it’s super juicy!! Beautiful!

The model-san wearing a swimsuit is also great and famous eating naked! Amazing!!”

Just as usual, it’s a mysterious language sense.

But, keeping the second part aside, I understand about it being moist.

The instant the bread that is wet by the meat entered my mouth, it spread throughout my mouth.

“Ahhh~~~~~really~~~~! My heart’s like pyonpyon⁷!!

CHAPTER 14

ALCOHOL DRINKING CHALLENGE

Asha bit off the essentially chicken meat and said.

“By the way, Kehma-sama, can you drink?”

“I haven’t tried, so.....”

“Leaving aside when you cannot drink, is it not absurd not drinking?!”

“It’s safe when you can’t drink huh.”

“Unable to drink is because of constitution, but not drinking is because of will¹!
Admitting that is against God’s will!!!”

“That far?!”

“Of course!!!”

Asha declared strongly.

Pachiri, she snapped her finger clearly.

The cat-eared girl that seemed to be a part-timer brought alcohol on a tray.
Seven one liter size bottles were placed next to each other.

“It’s a match! Kehma-sama!”

“A match.....?”

“There will be no penalty even if Kehma-sama loses!
However, if by chance you won, then.....”

“Then.....?”

“You can.....do what you want with me!”
“?!!”

I took a good look at Asha.
A beautiful face and wavy blonde hair.
And that attention grabbing big breasts.

That....., whatever I want.....?

Gokuri, I swallowed.

“I was born in a high-status family, but I am 26 this years.

11 years since I was told by a fortune teller that 『If it is not a person stronger than you when it comes to alcohol, you might not be married』 .

I really want a partner now.....!”

“Were you drinking alcohol, from that time.....?”

“Of course.....!”

Yoyoyo ~, Asha lamented and poured alcohol on the jug.

“Was the one who hired that fortune teller, your father or your mother?”

“Of course.....!”

Kyuu, Asha drank the alcohol.

I thought.

(Isn't that just, your father and mother wanting you to stop drinking.....?)

“I am a third daughter.

Its role is to give birth to a child in the case where Onee-sama who would succeed the House did not give birth to one.

I cannot pass through our House's gates if I do not marry a husband and give birth to a child.....!”

And while we were talking like that, Asha continued to drink alone.

Gokyu, Gokyu, Gokyu

Puhaaa

Gokyu, Gokyu, Gokyu

Puhaaa!

“Alcohol, izz da bestoo~~~~!!!”

“However, you were born in such House, but you are managing such an inn huh.”

“Is it not natural since it is a Guild affiliated store?”

“Eh?!”

I could not help but ruminate, but the other adventurers looked at me with a surprised expression.

It is true that if it is a Guild affiliated store, it is bad to affiliate with weird people.

If so, wanting to appoint people who have a clear pedigree or heritage is natural.

“I am sorry, I’m from the countryside, so.”

“That will, really be the case.....”

Asha muttered with widened eyes.

“Anyways, it’s like that!

I will have Kehma-sama have a match with me!”

Asha quickly poured alcohol.

It is a lemon-colored, delicious-looking alcohol.

“While its price being reasonable, it is an alcohol with the best quality!”

Koku! Koku! Koku!

What first came was the feeling of soda.

At the same time, its coldness stimulated inside my mouth, and the lemon’s sourness and the fruit’s sweetness spread all throughout my mouth.

And then, a thick and heavy bitterness.

I gulped.

The supreme coldness passed through my throat and cooled my esophagus. I can tell the shape of my stomach.

“Delicious.....!”

“I know right!!”

Asha bent forward eagerly.
Her beautiful face, cherry lips, and plump chest approached.

If I win.
I can do what I want with those breasts.....!
I gripped the jug and drank at once.

"I shall accept!"
"Good reply!"
"You're accepting it?! Kehma!"
"Didn't I say that?"
"Fuee....."

"Do you have any complaints?"
"I don't.....but."
"If you don't then don't say anything."
"Un....."

Laura nodded obediently.

"Is there any rules?"
"Whoever drinks more wins!"
"It's simple huh."
"It is simple!"

Topo Topo Topo
Topo Topo Topo

The maid girl poured alcohol in both Asha and my jug.

"Well then, ready go!"

The instant she said that, Asha started drinking.
Gokyu! Gokyu! Gokyu
She drank it all at once and――.

"It is the best!!"

With a face full of smiles.
Smiles are really good.
The more it is if it is from a beauty.

I also drank alcohol.
It's good.

I have Poison Resistance.
After eating various things, it raised up to level 3.
Although it is inferior to the level 4 that is a master class, I should be able to compete decently.
I mean, before the match started, she had drunk quite a lot. This girl.

Gokyu! Gokyu! Gokyu!

"It is the best!!"

Gokyu! Gokyu! Gokyu!

"It is the best!!"

Asha shouted every time she drank.
New alcohol and new food were brought.
It is a Chinese-style stir-fried shredded meat with green peppers or simply Pepper Steak.
I think that it is called differently in this world, but it looks almost equally.

"It's here!!"

Asha puts her hands together and took a pose as if to ask something.
I used a fork and put it into her mouth.

"The crunchy green peppers and the Mad Buffalo's beef's thick richness.
And adding to that this fruit wine....."

Gokyu! Gokyu! Gokyu!

“IT IS THE BEST!!!!!!!!!!!!!!!!!!!!!!”

Asha felt deliciously with a (> <) face.

And in fact, it is delicious.

Both food and alcohol progressed together.

“However, although you said it is a match, it doesn’t feel like one huh.”

“Drinking without enjoying? That is a blasphemy to the alcohol!!”

Really, what a charming person.

And an hour and a half of drinking.

“Fu.....!”

“Fufu.....!”

Asha and I laughed at the same time.

“If.....”

“We drink..... more than this.....”

“The alcohol cannot be.....”

“Enjoyed.....”

Batan

The two of us fell together.

It is a draw.

“Kehmaaaaa~~~~~!!”

Only the useless goddess’ voice was the thing that I heard from my losing consciousness.

Chun....., ChunChun

In the morning where a sparrow-like bird chirped.

I woke up with a headache.

There is a wet towel on my forehead.

(Uuu.....)

In my vision, the useless goddess with teary eyes.

She is probably holding my hand. There is a soft feeling from my right hand.

“Kehma!!”

When she noticed that I woke up, she raised a loud voice.

“You idiot, you idiot, you idiot!! You idiot, you idiot, you idiooot!!

Kehma, you idiot!! Idiot!! Idiooot!!”

The useless goddess jumped to my chest and started pounding my chest.

“I was, I was really worried you know!!

I was.....I was really worried!!”

“Was that, so.....”

My heart got warm.

This girl is an idiot useless goddess, but that is why, she does not lie.

At times when she is worried are times when she really is worried.

This girl, maybe I must treat her more importantly.

Her breasts are large too.

I thought like that and tried to embrace Laura.

But――.

“I was really worried you know!

I was worrying that if Kehma dies, who’s going to take care of me!!”

I pinched Laura’s cheeks.

“Miiii~~~~~!!!”

I’ll take back all my words at God Speed.

It is not an exaggeration that that speed of turning back is a high-speed drill.

It’s Plasma Drill Hurricane.

“But, thank goodness.....ehehe.”

The useless goddess wiped off the tears in the corner of her eyes using her pointing finger.

I thought of really, turning back again.

But, it’s embarrassing, so I could only treat her indifferently like always.

“We’re going to work. Damegami.”

“Un!”

The useless goddess followed with a face full of smile.

By the way, my level became like this thanks to the alcohol.

Level: 1285→1335

HP: 11390/11390(↑400)

MP: 10497/10497(↑366)

Strength: 10200(↑224)

Vitality: 10233(↑228)

Agility: 10150(↑267)

Magic Powers: 9657(↑320)

Learned Skills

None

Raised Skills

Detoxification Constitution LV1 2/50 (↑1)

Poison Resistance LV3 1/500 (↑1)

Poison Constitution LV2 116/150 (↑33)

I think that the reason why the increase of the Detoxification Constitution and Poison Resistance is small is because it is not from eating but training.

I drank up until I collapsed but it only increased by 1 or 2.

I could understand how difficult it is to raise the skill efficiency without cheat.

On the other hand, the Poison Resistance is because I drank alcohol.

As I've thought, alcohol is treated as poison.

CHAPTER 15

IT IS AN INSTANT IF IT IS PHYSICAL WORK

I left the room and went down the stairs.

Asha is shouting in the table.

“Kehma-sama was not my destined person toooooo!!”

In her right hand, alcohol.

GokyuGokyu, she drank and raised her voice.

“But even so alcohol is the best!!!”

That person, isn't she too strong?

Please, somebody, take her.

And with this and that, we arrived at the guild.

I stood up in front of the green bulletin board where quests for G-Rank are posted.

“Which quest should we take.....”

“The one that earns a lot of money!!!”

“We'll yeah, after all, we'll be troubled if the earnings for the day all disappears to the expenses just to take an inn.”

“I know right?! I know right?! 99% of happiness can be dealt with money right?!”

“If it's 99%, it might be so.”

“Today's Kehma. He's so understanding~~~~~♡♡♡”

The goddess clung to my arm and rubbed her face.

“If you cling to me like that, your breasts touches me though.....”

“K-K-K-Kehma, you pervert!”

The useless goddess went off me with a red face.

There's this me who is thinking of this useless goddess as cute since the morning so I'm troubled.

Well, leaving that on the side.

"If it's the one that we should take, it's probably this."

Quest

Carrying Baggage.

Difficulty

G

Reward

300 Barse.

Details.

I wish to place the vault that is no longer needed into the warehouse.

It is very heavy, so it is preferred that three or more people accept the quest.

"What's that?!"

"Carrying baggage. They said that they wanted to place the unneeded vault into the warehouse."

"How about the reward?! Is it 2 times of the Egg Collection?! 10 times?! 50 times?!"

"It's a third of it."

"Haaaaa?!?! What's that! I don't get it!!

Are you an idiot?! Is Kehma and idiot?!"

I flicked Laura with a finger.

"Ouchhh!!"

I mean, really, this girl doesn't learn at all.

"There are many low rewards for lower ranks.

One must raise their ranks to earn more.

But, there is a need to do many jobs to raise one's rank.

If I say this much, you should understand what to do right?"

The teary-eyed Laura muttered while she placed both hands on her forehead.

"Crossdress.....?"

"What the heck's with that answer?! That's gibberish?!"

I feel like someone who asked about the weather and the one who answered to him said 『Nobunaga¹ is the Demon King of the Sixth Heaven²』 !!!"

"N-N-N-No! I didn't mean that!

I just thought, 'since we don't have money, maybe Kehma should sell his body.....?'"

But, it would be difficult if you're only like that, so I thought you should crossdress first!!"

You meant it like that?!

I understood it logically, but logically, it's a fallacy!!

"I mean, if there's someone who should sell their body, sell your own!!

If it's you, you'll be sold at a fairly high price right?!"

"I don't want that!! I'm a Goddess you know?!"

I mean, even if it is going to be at a high price.....oh, eh?! eh?!"

For some reason, the goddess blushed her cheeks happily.

"Kehma, you think that I will be sold at a high price huh....."

"W-Well.....yeah."

"I see～. Ehehe. I see～～～"

Laura, the idiot, smiled to her ears happily.

“Oh really~~~~. You’re not so honest huh~, Kehma~~~.

If you are thinking of me as a Great Goddess of Beauty, you should just say so you know
~~~~”

I got so pissed off.

I pinched her cheeks just as usual.

“Fumiiii~~~~~!!”

I took the quest to the window counter.

“This please.”

“Carrying baggage, huh.....”

“Yes.”

“It is written in this paper, more than three though.....”

“I am confident with my strength so it’s alright.”

“In the case where you repeatedly fail quests, there would be regulations and restrictions, so please be careful.

“Yes.”

“Well then, please take this card.

This will be the proof that you took this quest.”

I received the G-22 card and went to where the client is.

The house we went to is a decently big, three-floored house.

I knocked on the door.

A voice sounded from the back of the door.

『Who are you?』

“I am the one who accepted the quest in the guild.”

The door opened.

A beautiful Onee-san with impressive long and glossy hair came out.

“I am Lilina Crocket. You are the adventurer who accepted this time’s quest?”

“Yes, that is right.”

“In the quest form that I asked, I think I put 『More than three』 though?”

“I can do a job for more than three people just by myself.”

“Are you, a B-Rank or C-rank or something?”

“I am G-Rank, but I have that much strength.”

Lilina made a kind smile.

“I do not hate, young men who boast such words.”

However, soon after that, she narrowed her eyes sharply and said.

“Though it’s in the prerequisite that they have enough skills.”

I grinned and answered.

“I’m the opposite of that though.”

“n?”

“I’m not good at boasting at all.”

Lilina made a frank laugh.

“If it comes to this, I can only ask you to show me your skills then.”

“If it is carrying the vault, I can show it to you all you want.”

I was guided inside the house.

We passed the living room and taken to a dimly lit study.

The vault is at the back of that room.

“As you can see, the place where you put the key is broken. It is very unreliable as a vault.”

Lilina placed a hand on her beautifully shaped chin.

“However, the metal that is used on it is a special metal called Graviterias Heavy Alloy.

It is very heavy but fairly expensive.

It can be used as materials for weapons and armors as well.”

“That’s why you want to place this vault to the warehouse in the yard and buy a new vault.”

“It’s good that you understand quickly.”

I approached the vault. I lightly lifted it.

“Wait for a second. The Sealing Formation is, still.....”

Lilina said something, but it was too late.

*Gowa!*, I raised it up high.

“What.....?!!”

“Was there a problem?”

“There is a sealing formation, on both the bottom of the vault and the floor, so that the vault cannot be easily lifted up.

Its weight, it should be at least multiplied by five times, its original weight.....”

“That’s why I told you right? I’m not boasting or bragging at all.”

“Ehehehehe, isn’t he amazing! He’s my Kehma you know!”

“Who’s yours? Who is it?”

“Kyaan!!”

Laura who had her feet stepped on by me shouted with teary eyes.

“You stepped on me strongly! You stepped on me strongly that it hurtssss!!”

“Do you want a bigger and harder one?”

I tilted the vault.

“Fueeeeeeeeeeeen! Noooooooooooooooooooo!!

I’ll apologize!! I’ll apologize so please stooooooooooooopp!!!

If such a big thing comes, I’ll dieeeeeeeeeeeeeee!!!”

“Well, good then.”

I stopped tilting the vault.

“Are you, really G-Rank.....?”

“Did I not say it? I at least have the strength of B-Rank or C-Rank.”

“It means that it was not boasting, huh.....”

I carried the vault like that and went to the warehouse in the yard.

I placed it in the designated space.

“Is the quest finished with this?”

“Umu.....”

“Well then, please sign on this card.”

Lilina obediently signed it.

“Certainly, I have received it.”

“By the way, are you lacking in money or something?”

“Eh?!”

“I meant it literally. You can just answer whether you are lacking or not.”

What in the world does she means? I didn't understand the intention of her question.

My purpose is not to guess the other party's intention.

My purpose is to set my mind unmoving, by thinking of many things before hand.

But――.

“We are!!!”

The idiot girl answered instantly.

“It's 1000 Barse just to stay in our current inn, but the job for one day is just that much too!!

On top of that, we have a debt too!! I, I.....”

“Why the heck are you telling someone you just met everything about your lifestyle!!!”

“Fumiii~~~~~!!!”

However, if she said that much, it is impossible to hide it anymore.  
I hugged Laura from behind and covered her mouth with a hand.

“It is mostly like that.

However, the debt isn’t that much, so it is alright.”

“How much do you mean, by not much?”

“It’s only 30000 Barse that was charged when we registered to the Guild.”

“It is true that with your skills, its money that can be taken care of with time.”

Lilina placed a hand on her pocket.

She took out a palm-sized leather bag.

“Take it.”

I received it and looked inside.

It is full of silver coins and gold coins.

“All in all, it is probably 20000 Barse.”

“Why.....?”

“I am, a merchant after all.

Having connections with promising adventurers, will become profit later on.”

“I see.....”

I understand the pretext.

However, this person’s words is not limited to the truth.

I returned the money to Lilina.

“Can you wait for a while? I want to check something.”

“It is fine.”

“Eh?! Hey! You’re returning it?!”

“Un.”

“Fumiii～.....”

Laura got dispirited blatantly.

However, there is no way that I should take that money in this stage.

I took Laura with me and went to the Guild.

---

1. Oda Nobunaga – Daimyō of Japan in the late 16th century who attempted to unify Japan during the late Sengoku period. Also, portrayed in many anime or games as a villain.
2. 大六天魔王(Dairokuten Maou) – it is said that Oda Nobunaga(織田信長) proclaimed himself as such. It is probably Buddhism stuff

# CHAPTER 16

## BEING FAVORED BY A FEMALE MERCHANT

---

“Excuse me.”

“Welcome, Kehma-kun.”

The Guild’s Onee-san showed a smile.

“It was too much after all right? Carrying a vault with just the two of you.”

Onee-san’s that smile is full of kindness.

But――.

“We finished it?”

“Eh?!”

She had her eyes widened when I said that casually.

“I also asked for the sign properly.”

“?!!”

She took the card while being surprised and looked at the sign.

She compared the signature on the card to the request form that the Guild had beforehand.

“It is true; it is Miss Lilina’s sign.....”

“I told you right? I’m confident with my strength.”

“It looks it is only a matter of time before you become C-Rank or D-rank.....”

“And so, there, can I ask a question?”

“Yes.”

“It is frequent for merchants to try and have connections with promising adventurers?”

“Did you had such offer from Miss Lilina?”

“I was given 20000 Barse.”

“But, Kehma, he refused it you know!!”

“I came from the country, and I just came here. I just thought of being careful.”

“That is something frequent.”

The Onee-san said.

“There is something called Designated Quest in the Guild.

As its name says, it is a quest that is requested to a particular person.

However, most of the famous adventurers are very busy.

There are also cases where it is refused even before they check what kind of quest it is.”

“I see.”

“On the other hand, there is also a case where a special contract is made, and the adventurers are hired as a live-in exclusive bodyguard.”

“Anyways, it means that it is a common thing.”

“If it is ‘promising’ adventurers, then it is.”

I see.

“But if you are still worried, there is this kind of document.”

The Onee-san gave me one piece of paper.

“It is a Donation Declaration Document.”

“Donation Declaration Document?”

“As its name says, it is a document that proves that the given money is given as a donation.

If you have this, even if you are forced to do something because of the given money, it will be nullified.

Although, there is a need to pay a fee and make a Guild employee come with you, or the donator come here.....”

“Can you wait for a while? I will go and confirm with Lilina-san.”

“Alright.”

“You’re doing so it so complicatedly huh.....”

“It hasn’t been long since I came to this world after all. I need to be careful in advancing things.”

“I understand, the logic though.....”

“If you don’t want to come, you can stay in the inn?”

“I hate that more!!”

Laura clung to my arm for some reason.

I felt my face get hot to the reaction that I did not expect. I think that it is getting red.

Both Laura and I became red that we were almost the same.

“Fuwawawa.....”

I don’t understand her words, but she whimpered with a face that understood her verbal slip and got off of me.

She looked to the side and said.

“I-I-I-I don’t really know, but I hate it!! I hate being away from Kehma!!”

“Is that so.....”

“That is so.....”

The useless goddess was somewhat fidgety.

“W-Well, since you say so, then follow me.....”

“Un.....”

When I reached out my hand, the useless goddess took it.

She’s so sly. She shows cuteness from time to time although she’s normally a bad and an idiot girl.

However, it is really frustrating because I don’t know whether she likes me or she’s just feeling lonely.

This damn Useless Goddess.

We arrived at Lilina's house.  
I knocked on the door.

"Who is it?"  
"It's me."  
"You huh."

Lilina came out.

"From what I heard from the Guild, I found out that it is very common for excellent merchants to support promising adventurers."  
"You went on your way to check that?"  
"Yes."  
"You do not think, I can be trusted?"  
"You are a stranger that I had just met after all."  
"Do I look like.....a bad person?"

Lilina glared with a sharp gaze.  
However, I smiled and casually said.

"If you are a good person, you should understand the feeling of people who thinks 『it is scary to trust a person you just met』 ."  
"Hahahahaha. I see, I see."

Lilina laughed with delight.

"Composed while careful, however, not just a coward or just suspicious by nature. Can get one's head around too, so although cannot be trusted, someone that can be relied on."  
"That is probably true."

This time, I grinned.

"Eh?! Hey! What does it mean???"

“Someone who can get around their head means that they are sensitive for profits.  
“And being sensitive for profits means that they are not an idiot.”  
“Isn’t it good that they’re not an idiot?! What’s bad about it?!  
Hey, explain it more easily so I can understand!!”

I explained to her.

“Not an idiot means that you don’t know what they’re thinking on the back of their mind.

It means that they are excellent when it comes to requesting something because of their ability, but it is dangerous to trust them from the bottom of your heart because you might get stabbed from behind.”

“By the way, I am also reputed by such so often.”

Lilina made a smile again.

And then, Laura said with sadness.

“Then it means, Kehma, you don’t trust me.....?”

” ” Ha.....? ” ”

My voice and Lilina’s voice came out at the same time.

“Has high skills and can get around their head.....doesn’t that mean, it’s me?!!  
Rather, aren’t those personalities that you mentioned from my characteristics?!!  
It means, Kehma, thinks of me as.....”

*Zugushh!*

I launched the Water Magic to Laura’s eyes.

“Ouuuuuuuuchhhh—————!!!”

The useless goddess leaned back and covered her eyes.

“My eyessss!! My eyessss! It seriously hurts!! It seriously hurtssss!!!”

“Well, sorry for that.”

I used Heal on Laura.

Laura released a liquid with mixed water and tears and shouted.

“Kehma you idiooot!!! You’re really an idiooot!!!!

Just this time, you’re really an idiot that the word idiot isn’t enough, you idiooot!!!

Idiooooooooooot!!!”

“Well, it was my fault, that just now.”

“Uuu.....”

“I’ll treat you one dish you like so, forgive me.”

“Really?!!”

Laura became cheerful in an instant.

The twin tails on the side of her head bounced.

“Just one dish okay.”

“Kehmaaa~~~~~♥♥ Ehehehe~, ehee~~~~♥♥♥”

Laura hugs my arm very happily.

On top of being very stupid, she is fatally simple and easy to handle.

She’s a useless goddess that I’ll be worried if I’m not with her.

By the way, I got 50000 Barse for support.

It is really extraordinary, but it only means that she expects on me that much.

In reality, those were some discerning eyes.

# CHAPTER 17

## TAKING CARE OF THUGS

---

“Well then, I have certainly given it.”

“Thank you very much.”

“It is an investment after all. You do not need to worry.”

Lilina left the Guild.

I took out 30 gold coins from the bag.

I said to the Guild’s Onee-san that became the witness.

“Well then, I want to pay the debt with this completely.”

The Onee-san looked at the gold coins with widened eyes.

“What is it?”

“Kehma-sama is the first for me, returning the debt from registering at this speed, so.....”

“Is it that rare?”

“In this Guild.....no, I think it is a first in the world.”

“Well, after all, those really promising adventurers don’t have debts in the first place.”

“That is true, but even if you look at that as an exception, it is still.....”

“Ehehe～. That’s right, amazing right?! My Kehma, amazing right?!!”

“Why are you the one bragging?”

I pinched Laura’s cheeks.

“Fumii～!”

However, I didn’t feel bad being praised.

That’s why the ‘pinching’ this time is a soft pinching.

I only pinched her very kindly.

I approached the bulletin board to receive another work.

I have a lot of money.

There's no need to be particular about the work.

I should find a job that could be finished quickly, and if I don't find any, I should stop for today.

And when I stared at the bulletin board with those feelings, I found a new quest.

Quest

Incineration of garbage.

Difficulty

G

Reward

400 Barse.

Details.

Garbage has piled up in my house.

Honestly, it's on the way.

I want to take care of it as soon as possible.

The amount is about the same with 7 goblins.

Caution

The garbage is near that of a raw trash, so it is limited to those who have flame-type skill.

I have Flame Emission LV6; it can be said that it is a quest for me.

I reached out to the paper.

It overlapped with a white hand.

"Ah.....!"

It is a rather small girl wearing white gloves.

Is she a magician or something.  
She is wearing a black robe and holds a wooden staff.

And the thing that must be mentioned is those bunny ears.  
But if you say that she is a bunny beast-kin with that, her tail is like a dog's.  
I found out later on, but it looks like she's born from a bunny-eared mother and a dog-type beast-kin father.

"Ahh! E~to....."

The girl became timid and looked at me and the paper alternately.  
But she was immediately crest-fallen――.

"Please take it....."

However, her gaze remains on the quest paper.  
I took the paper.

"This quest, are you taking it?"  
"If I do not clear a quest, the food expenses will be difficult<sup>1</sup>....."

Gyuu....., the girl's stomach growled as she talked.

"Are other quests difficult?"  
"I have already failed three times, so more than that is....."  
"If so, I'll give it to you."  
"Eh?!!"  
"After all, I'm just only choosing easy quests so I can rank up faster."  
"Ahhhh! Thank you very much!"

The girl quickly raised her head.

"I shall never forget about this favor!!!"  
"That's exaggerating."

"Hahaha", I raised a laugh.

I saw off the girl and looked at the bulletin board.

“.....”

Laura is staring at me intently.

“What is it?”

“Kehma’s like, kind and like a gentleman other than me right.....”

“Aren’t I nice to you too?” (Flicks using a finger)

“Kyan!!”

Laura places her hands on her forehead and shouted.

“Is that something you say while you flick me a finger?!!”

“Whatever, let’s go home.”

I took Laura’s hand and casually ran.

“Kehma you idiooooot.....”

Laura moaned with teary eyes, but she did not let go of my hand.

When we were on our way back, a voice echoed.

“T-T-T-This is not what I heard!!!”

“Didn’t I told you? It isn’t in purpose dammit.”

There is raw trash piled up like a mountain beside the girl and the man.

“This garbage, it is equal to that of 27 goblins!

7The quest only says equal to 7!!”

“I just forgot it you know, writing 2～”

“I.....i-if you’re going to give additional rewards, I can burn all of it if you want.....”

“Why the fuck I’d do that?!!”

“Well then, I’ll report it to the guild as a violation.....”

“Hmm, go do that then?”

I’ll just request it again, I’ll write please take care of 27, like a damn F-Rank quest.”

“No way.....”

“Well then, go do the damn shit.”

*Batan*, the man closed the house’s door after making a disgusting smile.

Laura who was pissed off said to me.

“Let’s kick his ass! Kehma!!”

She reached out her right hand to the side and used her Goddess Power.

A hammer came out.

“If Kehma’s not going to kick his ass, I’m going to hit him a good one!”

That sense of justice is a good point, but.....

“Isn’t it alright to leave it alone.....”

“What did you say?!!”

“Isn’t it just a trouble that might frequently appear when you’re an adventurer?”

“That might be true, but.....”

Laura stared at the girl intently.

And the girl was looking at the mountain of garbage intently.

She holds her cane and pulls it just a little.

“Fire Ball!!”

*Fwoosh!!*

It burned the raw trash which consists of peeled skin of fruits and core of vegetables.

And once again, she took out a part of the trash pile using her hands.

“Fire Ball!!”

*Fwoosh!!*, she burned that and looked at the mountain of garbage again.

The firepower of the girl was very impressive.  
But, however, the amount of trash is too much.  
It has not decreased at all with just two fireballs.

“Higgu! Uuu! Uu.....”

It must have come from her frustration rather than the difficulty of the job.  
She started weeping.

“As I’ve thought, I’m going to kick his ass!!”

“Calm down okay.”

I grabbed Laura’s collar.  
I lifted up the idiot girl that struggles.  
I carried her like carrying a bag of rice.

“Release me Kehma! I can’t kill him!!”

“Even if he’s a piece of trash, killing *that* is a crime you know.”

“Fumii～.....”

“Anyways, leave it to me.”

I approached the girl while carrying Laura like a bag of rice.

“Yo.”

“The person from earlier.....”

The girl looked at me and noticed.  
She forcefully rubbed her eyes off its tears and said with bravado.

“I-I-I-I’m not crying okay?!!”

“No one said something like that though?”

“Hauu～.....£

“By the way, what’s your name?”

“I’m Femil<sup>2</sup>.....”

“That’s a cute name.”

“Thank you very much.....*Pyon*”

It must be because she was praised. Femil's cheeks were slightly flushed.  
I stared at Femil who looks crestfallen and――.

Poked her breast.

“Kyan!!”

It 's hard to tell from above her robes, but there was some quite volume there.  
I put Laura down to my side and pushed Femil to the wall.  
This time, I grabbed and felt the breast that I poked earlier.

“Hyaaan! Aan!!

Please stop~~~~~. Please, stooooooooop~~~~~.

What are you doing... what are you doing~~~~~”

Femil said that, but all that she could do was tell.  
She could not resist with her powers at all.

“Really, what the heck are you doing!!!!”

A hammer hit my waist.

I fell to the ground because of the impact that came out of nowhere.

“I just thought of teaching her that a terrible thing would happen to her if she can't say no to unreasonable people if she's going to continue a cruel job like the adventurer.”

“Then why the heck are you doing that terrible thing?!

Are you an idiot?! Is Kehma an idiot?!!”

“Right now, I can't really refute to that.”

“Reflect on yourself!! IDIOT!!!”

Honestly, I'm the one who's in the wrong this time.

Nice tsukkomi, Laura.

Well, for the meantime, I should work since I had some touch.  
I knocked on the door.  
I heard a voice from the other side.

“.....who is it?”

“I’m an acquaintance of the girl doing your request.”

“Tch!”

I heard a blatant click of the tongue, and the door opened.

“What do you want?”

“It was written that it’s incineration for the same amount of 7 goblins, but I just thought that there was too much.”

“I just forgot to write the 2 in 27.”

“And then, she said that you declared that you wouldn’t pay additional rewards?”

“If I’m going to request for 27 of them, it will become equal to that of an F-Rank after all.

When I said that, she just ‘voluntarily’ said that she’d do it.”

“Is that so.....”

“If you got it, get lost.”

I let out a sigh because of the man who does not really feel bad about what he’s doing.

“I’ll just say something. You damn bastard.”

“?”

“My right hand is going to slip right now.”

“Ha.....?”

*DOGOOONN!!!*

My right hand accidentally slipped and crushed the right side.  
I said with an innocent smile.

“I’m sorry. My hand ‘accidentally’ slipped.”

“.....?!”

“There’s some guy who ‘accidentally’ writes 7 where he should write 27.

There’s nothing weird if there’s a guy whose right hand accidentally slipped and destroy the wall right~?”

“I-I-I-I’ll pay additionally!! T-That’s good already right?!”

“How much?”

“Since it’s 400 Barse for 7, I’ll pay 2800 Barse for 27.....no, 3000! I’ll pay 3000!!!”

“Ha.....?!”

“T-T-T-Thr, 3000 is not enough?! What about 5000?! How about 6000?!!”

I said.

“60000.”

“Sixty.....?!”

“3000 for the incineration and 7000 for the inconvenience fee of almost getting deceived.”

“What about the remaining 50000.....?”

“There’s your damn house’s wall in the place where my right hand slipped.

My right hand really hurts because of that. The remaining is for consolation money and treatment expenses.”

“That’s too much.....!!”

“Whatever, just give me the money.”

“P-Please at least make it 20000.....”

“60000.”

“30000.....”

“It’s 60000.”

“Please make it 40000.....”

“I’m fucking saying it’s 60000!!!”

“That’s too overbearing.....!”

“Is not paying the girl who will incinerate everything additional rewards, although you wrote 7 on the 27 in the request, not overbearing~~?”

When I said that like a thug, the man completely shut his mouth.  
He returned with a bag of gold coins.

“It’s exactly..... 60000.....”

“If you learn from this, stop doing bad things and cheap things every again okay?”

“You, don’t think this is the end.....?”

The man still seemed to be dissatisfied.

It cannot be helped.

I went outside with the man.

“What are you going to do.....?”

“Since we got the money properly, we need to finish the job right?”

I reached out my right hand.

“Fire!!”

I used the Flame Emission Level 6.

It is the Level 6, in a world where a master-class at level 4 and able to release Sword Pressure in Swordsmanship, a long range attack.

That was already an absurd destruction power.

The mountain of raw trash that is said to be equal to the amount of 27 goblins disappeared without leaving ashes.

“Eh.....?!”

“Ha.....?! Ah.....?!”

“Ehhee～.”

Femil dropped her jaws open, and snot came hanging from the piece of trash’s nose.  
And Laura proudly sticks out her big breast.

“If a guy like me, loses 『lifestyle that must be protected』 .....

You can easily understand it if you have more intelligence than a slug, right?”

“Y-Y-Y-Y-YESSSSS!!!!”

The man prostrated<sup>3</sup>.

# CHAPTER 18

## FEMIL-CHAN IS DOG AND BUNNY-EARED

---

After receiving the rewards for this time, I placed the bag on top of a bench in a park-like place.

I put them on my hand one by one.

“Ahahahaha. We earned a lot~.” (Kehma)

“But, it feels like it’s too much, so it’s not great and famous at all.” (Laura)

“About that, don’t worry, I held back properly.”

“With *that*?!”

“60000 might sound much, but it’s not an amount that he’d be bankrupt.”

“You’re very, wicked huh.....”

“Well, it’s the other party’s fault right?”

“That is, true though.....”

I said then to Femil who followed us just because.

“Take out your hand!”

“Y-Y-Ye-Yes!!!”

*BuruBuru*, Femil trembled thinking that something might be done to her. And towards her, I placed lots of gold coins on both of Femil’s hands.

“Hyayayaya?!!”

“What. Why are you making a face like a spider’s on it?”

“N-N-No, um! Uhm! Why.....?!!”

“Because it’s profits that I couldn’t get without Femil?”

“Hauu.....”

Femil held the gold coins tightly and timidly looked at me and the gold coins alternately.

“I mean, if you don’t receive that, I think that you should stop being an adventurer?”

The quest from earlier too, you should've just incinerated equivalent to 7 goblins first and say 『I incinerated what's written in the quest. Give me the reward equal to that 』 , and negotiate right?"

"Ah.....!"

"Not only that you don't have a clever tongue, but you also don't have the strength to destroy unreasonableness as well.

You cannot cunningly use other people as well.

And so with that, how are you going to be living as an adventurer?"

"It might be cruel but..... The human world, it's great and famous after all....."

I thought of this frequently, but the 『Great and Famous』 that Laura uses is very extensive.

I feel like splitting her head once and took a peek at what's inside.

And while we were talking like that, I started to get hungry.

I looked around the park.

"It's fried round bread～<sup>1</sup>"

"It's delicious～<sup>2</sup>"

"It's delicious～<sup>3</sup>"

There were small guys in a stall.

They're guys who have lovely dog-ears and tails and about 120cm in height.

I looked at the store name, and it says Fried Round Bread.

It is an interesting store name.

"If we're going to have a negative conversation, let's at least eat positive things."

"That's a good idea!!"

"I am also, hungry<sup>4</sup>.....*pyon*."

It is unanimous.

I went to the stall.

The iron plate where the bread is being fried looks exactly like that of a takoyaki plate.

“What is that fried round bread?”

“The round bread will be batter fried and have sauce<sup>5</sup>.”

When the small guy that seems to be the stall’s owner said that, new ones appeared from his side.

“It’s delicious～”

“It’s delicious～”

The two small 『Nojya～』 showed the fried round bread in a box.

“If it is only one, you can eat for free～”

“It is the ‘eat it you thief’ campaign～”

“Well then, I’ll take one.”

I took one using a toothpick.

“The just fried ones, they are very tasty but very hotty～”

“If you do not be careful, you will get burns, be careful～”

“Yossha, Laura, open your mouth.”

“Why are you letting me eat that after hearing *that* explanation?!”

“Because even if you experience pain or anything, I won’t feel anything.”

“Kehma you idiooooot!!!!”

I aimed when Laura opened her huge mouth and pushed in the fried round bread.

“Eat it, don’t throw it up?”

“○×△ \$ ■ ! ! ○×△ \$ ■ ————!!!”

Laura stomped around and struggled, but I placed my hand on her mouth.  
She can’t do anything until she swallows.

After seeing her swallow, I took off my hand.

“I-I-I-It was so hot!!! My mouth, it was really, REALLY hoooot!!!”

“Sorry about that. *Heal.*”

“Kehma, you idiooot.....”

Laura moaned with teary eyes.

However――.

“But it was delicious, give me another one.....”

She cutely grabbed my shirt and “A～n”, she opened her mouth.

“How was it delicious?”

“Its exterior is like a crunchy toast, but the thick, delicious sauce will come out when you bite into it!

It’s spicy and hot that I want to run, but it’s deliciousness that might make you a crippled from being addicted!!!”

“You shouldn’t say crippled you know?!!”

“There will be bad rumors～!”

“Us Nojya’s kindness is～, being fuaacked～!!”

“A-A-A-Anyways, I just wanted to say Great and Famous<sup>6</sup>!!”

“What kind of anyway is that?!”

“Whatever, just give me! I want it! I want it～～!!”

Laura stuck to me closely and opened her mouth like “Ahn, ahn”.

*PyonPyonPyon*, she jumped.

Laura’s huge breasts pushed on me like *ZuryuZuryu!!*

“B-B-B-Before you ask for it, check what’s happening to your huge breasts first!!!”

“Eh.....?!”

Laura looked down silently.

She looked at the huge breasts that push to my chest like “*Munyuu..... ♡*” and make a splendid cleavage.

“K-K-K-Kehma you pervert! You’re really a pervert! Idiooot!!!”

Laura hides her chest and desperately shouted.  
Her face was already red to her ears.

“But....., give me.....”

But even so, “A～n”, Laura opened her mouth while she hides her chest.  
So cute.

“How much is it?”

“It’s 300 Barse for a 6-piece box～. It’s 500 Barse for two boxes～”

“I’ll take two boxes.”

I flicked the silver coin with my thumb and gave it to the Nojya.

“I’ll take one box. Give the second box to this bunny girl here.”

“I got it～”

I took the box and picked up the fried round bread using a toothpick.

“Cool it down okay?! Cool it down this time okay?!!”

“I know, I know.”

I carefully cooled it and put it in Laura’s mouth.

*Pakun*, Laura accepted it with her mouth and took a bite.

However――.

“?!?!?!?!?!?!?”

Her eyes widened.

It felt like she’s going to throw up.

But I won’t let her do such a wasteful thing.

I covered Laura’s mouth.

“nfhu! nfhuu!! nfhuu~~~~~!!

Laura struggled, but I did not feel painful at all.  
That’s why, there is no problem.

“Swallow it okay.”  
“nfhuuu.....!!”

Laura somehow swallowed it.  
I removed my hand.

“Fueee, ee, fueeeee~”

*KehoKeho*, Laura coughed.

“It became spicyyyyyyy, it was super, spicyyyyyyyy~.”  
“That is the, green WasaWasa Sauce~”  
“If you accidentally eat it, your nose will be like *tsuun*~”

The two Nojyas bragged with a good smile.

“Why did you put something like that inside?!!”  
“When making it, it was very fun~~.....”  
“It’s not fun at all eating itttt!!!”  
” ” ” Nojyaa~..... ” ” ”

Leaving the lamenting Laura aside.  
I ate the fried round bread.  
A crunchy feeling came to my teeth, and the thick sauce followed.  
However, this, rather than sauce.....

(Curry?!!)

The thick taste that only can be described as curry spread in my mouth.

On top of that, there is potato inside.

The instant I bite it with my back tooth, it slowly lost shape and slide on my tongue.

I was sweating when I swallowed.

It's delicious.

*Tererettete ~*

I leveled up too.

Level: 1335→1338

HP: 11415/11415(↑25)

MP: 10520/10520(↑23)

Strength: 10224(↑24)

Agility: 10172(↑22)

Magic Powers: 9680(↑23)

Learned Skills

None

Raised Skills

None

The level increase is only decent, and there is no skill too.

For good or for bad, it is just normal food.

However, just leveling up by eating, it's really a cheat.

When I looked at Femil using Laura's power, it was like this.

Name: Femil Crocket

Job: Red Magician

Level: 17

HP: 68/68

MP: 170/228

Strength: 28

Vitality: 25

Agility: 68

Magic Powers: 244

### Skills

Flame Magic LV1 11/50

Staff Techniques LV1 2/50

### ◆ Red Magician

Magicians who are good at flame-type magic.

Femil's level is 17.

On the other hand, I ate one bread, and it increased by 3.

Just by eating a six pieces set, it is equal to Femil's whole life.

What a cheat! Really!!

However, leaving me aside, I feel like Femil is decently strong.

It's out of the question when it comes to close combat, but her magic-type status is high.

(I wonder if I can't see something like the average at the same level.)

When I thought of that, a detailed explanation came out.

Name: Average Level 17 Red Magician.

Job: Red Magician.

Level: 17

HP: 70/70

MP: 119/119

Strength: 32

Vitality: 31

Agility: 70

Magic Powers: 120

Looking at that, Femil's status is quite high.  
I think that she is very talented when it comes to magic.  
I asked her.

"Hey, why are you an adventurer?"  
"Although it is limited to the beginner level, I was able to use magic....."  
"Un."  
"As far as I know.....people who can use magic is only about one in two hundred, so being able *just to* use it is rare."

She is such an idiotic and useless goddess, but her title is 『Goddess of Wisdom』 .  
She can access the Spring of Wisdom and gain information.  
That is why, she is completely clueless about those things that are not written on it, but knows very well about those that are listed.  
It can be said that it is Laura's only strong point other than having huge breasts.  
However――.

"It was said, the ratio was like that a long time ago....."  
"Fumyaaa!"

There are times when her information is old.  
For good or for bad, it is a dictionary.

"Ah!.....but, but, there's only one for fifty people, so it is still rare and precious!!"

This is the Useless Goddess of Shame, Laura Gine Amara, having a Level 17 Rookie be thoughtful of her.  
I picked up the fried round bread using a toothpick to cheer her up.

"Here, open your mouth."  
"Un....."

I let Laura eat the fried round bread as she opens her mouth.

"However, if there's one within fifty, wouldn't you have a preferential treatment?"

“I can enter the National Magic Academy without conditions. Students there would be able to graduate as long as they’re not a horrible dropout, and can also get jobs through the Magician Guild.....”

And even so, the reason why she’s an adventurer that she’s not good at is.....

“You are that horrible dropout huh.....”

“I am good at Fire Balls, but.....”

“Un.”

“In a whole year, all that I could learn was Fire Ball.....”

“That’s so.....”

“If that was all, it was still alright, but.....”

“But.....?”

“In the examination where I can using Flame Needle, my magic exploded, and.....”

“And.....?”

“The Principal’s, the Principal’s wig.....!!”

That is something that must not be done.

Even if it is Gandhi, he will punch you after sprinting, and the Jizo-sama would create limbs and send you off with a roundhouse kick.

It cannot be helped that she would be expelled.

“But, but! I was thinking of becoming an adventurer after I graduated!”

“Was that so?”

“My deceased father, he was an adventurer who traveled in many ancient ruins in the world, so.....”

Femil took out a brooch from her chest.

The red ruby was shined on by the sun and was dazzling.

“But, you’re not fit for it right?”

“Aghu.....!”

Femil became crestfallen and looked down. The bunny ears on her head were also drooping.

I picked up a fried round bread inside the box using a toothpick to make her cheer up.

“Here.”

“Auu.....”

I made her “A～n”, and let her eat.

*MoguMoguMogu, Kokun*

Femil slightly swallowed.

The tail on her butt that slightly swayed looked very cute.

The bunny-eared Femil is a dog-girl with a dog tail.

“Well, for the meantime, I’ll take care of you for a while.”

“Eh?!”

“It would have a bad taste if I found out you died or something after we part here.”

“But....., uhm.....”

“If you feel like you’ll get harassed or something, you can just ignore this.”

“That is not true! You did a weird thing to me, but I know that you are not a bad person!!”

“I see.”

“But, but....., uhm.....”

After Femil had acted timidly for a while, she said while she looked up to me.

“Is it really okay.....? Having me with you.....”

“Didn’t I just say that?”

“But.....”

Femil took a glance at Laura.

“Is it about this girl, saying the human world is cruel?”

“If it is about that, there is no problem!”

*Ehhen*, Laura said while she sticks out her chest.

“I am a Goddess!

If you say that the world is cruel, I am the existence that destroys the way of things!!”

“If you say that, you’d be an Evil God of Destruction right!!!”

I hit her head.

“Fueen.....”

The useless goddess pressed her head with both hands and moaned with teary eyes.

I felt a little bad, but there would be a misunderstanding if I don’t point that out.

“E~to.....”

“Is there anything else?”

“Are Kehma-san and Laura-san, not in an intimate, relationship.....?”

“T-T-T-T-There’s no way!!!”

Laura shouted with a flushed face.

“After all, it’s Kehma you know?! No way right?!

He can be relied on and strong, he is smart too, but.....”

She probably noticed that she is praising me.

Laura’s face became as red as an apple.

“But even so, he’s completely S<sup>7</sup> you know?! You saw it too right?!

His appearance enjoying as he looked at me feeling hot!!!”

“.....yes.”

“I’m so sorry, Laura. It’s all because I’m sadistic.....”

“Are you apologizing?! Are you apologizing with that?!!!”

“No, really, I’m so sorry for being sadistic.”

I pinched both of Laura’s cheeks and pulled it like usual.

“Fumiii~~~~~”

It's so fun!!

And while thinking of that, I made a refreshing smile towards Femil.

“I'm like this, but I'll be a gentleman other than this girl so don't worry.”

“It is true that Kehma, he does what he says.....”

Laura whispered as she places her hands on both of her cheeks.

*Pekori*, Femil bowed her head.

“Please, take care of me.....*pyon*.”

## CHAPTER 19

# IF YOU BECOME A BELIEVER, YOU CAN TOUCH BREASTS

---

After making Femil my comrade, I returned to the inn.  
I greeted Asha and climbed the stairs.

“Well then, let’s leave the details for tomorrow.”

“Eh! E~to.....”

“What is it?”

“The two of you, you sleep in the same room huh.....”

“W-Well, we were together for so long after all.....” (Laura)

“I mean, that’s far more cheaper too.”

“Auuu.....”

“If Femil prefers to be with us too, you can come with us?”

“I-I-I-I-I don’t!!”

Femil became red with a puff and entered her own room.

It cannot be helped.

I entered the room with Laura.

It is a room with a single-size bed and space where two adults could sit with crossed legs.

“Even so, a lot of things happened today huh~”

“T-That’s true. A lot of things, happened.....”

Is Laura being conscious of me? Her cheeks are a little flushed.

She is shyly looking at the one bed and me alternately.

I felt like it’ll be weird if she reacts to me like that.

I said seriously.

“Hey, Laura.”

“W-What!”

“I have two serious matters to talk about.”

“Two.....?”

“Yeah, two.”

Laura looked around behind herself as if to search for a place to escape to.

I cornered her to the wall and put a hand on it and said to her to not let her escape.

“Let me touch your breasts.”

“Ha.....?”

“As you regularly say, I am quite, a pervert.

Your huge breasts, I want to touch them quite seriously.”

“Is that a serious matter to talk about?!!”

“Does a more serious matter than this exist in this world?”

“Of course it does! The world’s that, or the peace’s that!!”

“Is peace, something you need to think of, even forgetting about breasts.....?”

“Of course it is, right?!!”

“Anyways, let me touch it.”

“If I say no, what would you do.....?”

“Well, I’ll just simply give up.”

Laura closed her eyes and became silent.

However, from how I can see it, she does not feel revulsion or aversion.

She was like that, so I did not look away from her as well.

I stared at Laura intently.

“Just a little, okay.....!”

“Yossha!!”

I honestly got happy.

I sat on the bed first then let Laura sit.

It is in the position where I am embracing Laura who is sitting in front of me from behind.

Her black hair is soft and fluffy.  
I could also smell a slightly sweet smell.  
I reached out my hand as if to scoop it from below.  
The Goddess's body flinched.

"Ahn.....!"

It feels, the best.  
It is very soft when I push it with my palm and has volume.  
But even so, when I insert strength, it accepts my fingers, wrapping around it.

Thank goodness I'm Laura's believer!

Exactly Goddess. The feeling of a Goddess.  
Laura said while she slightly moaned with a red face.

"I-I-I-I'll just say, say this. I'm letting Kehma touch, because he's my believer okay!!  
If you stop being my believer, I won't let you touch!!"  
"That's why I shouldn't stop being a believer and stay by your side forever?"  
"That is....."  
"That is?"

Laura closed her eyes again.  
Her body fidgeted to the sides and said with a tiny voice.

"A little.....true....."  
"I see."

I stopped kneading her breasts and embraced Laura in a normal way.  
I put my head on her shoulder.  
She is a loli huge-breasted goddess that I would like to bully or play tricks, but at the same time, I would want to protect her.

"I won't stop playing tricks on you or bully you, but I won't stop being your believer okay?"

“Why are you, the one who’s choosing.....”

Laura pouted her lips, but she did not dislike it.

I kneaded her breasts once again.

Laura is not wearing a bra. That is why, it is mostly raw.

I mean, it was the same when I touched Femil, I did not feel a bra.

It looks like it is better to think that brassiere itself does not exist in this world.

*MonyuMonyuMonyuMonyu*

I touched her so much.

“Can you. Stop.....already.....?”

“I want to touch a little more.”

“Kehma, you pervertttt.....!!!”

I said then while touching her breasts.

“By the way, seriously.”

“Wha.....what.....! Ahn.....!!”

“Can you show me the catalog window?”

“I got it.....nh!!”

I grabbed her breast and calmly took a look.

I pointed it with my finger and scrolled, taking a look at the skills I could take.

However, the skill that I was looking for was not there.

“Are all the skills that can be taken shown here?”

“There is a hidden, skill too.....haaan!”

“Hidden skill?”

“If you strongly invoked when the condition is met, it will.....appear.....”

“I see.”

I invoked while touching breasts.

The window had noises, and a new window appears.

Skill Transfer LV1 0/50

◆ Transfer one own's skill.

The transferred skill will disappear.

Consumes 2000 Believer Points

◆ Learning Condition

Have more than ten skills

"It's super useful isn't it!"

"It is, a hidden skill.....after all.....nh!"

"In the first place, the Believer Points can be gained by giving lots of things to you right?"

(Boobies, boobies, *MomiMomiMomi*<sup>1</sup>)

"Tha.....that's right....."

"Does anything other than food also works, like coins or jewels?" (\*rubs navel\*)

"Yes.....hyaaan!!"

"I see....."

I let go of Laura once.

"Really..... You touched, too much.....idiot!....."

I put down the bag full of gold coins and took out one.

"Things like this, how should I top up?"

"It's like this."

Laura received the gold coin and pressed it to the ring on her wrist.

The gold coin was sucked.

I looked at my believer points.

Believer Number 001 Kosakai Kehma

Believer Points 140(↑100)

Total Points 2250

Believer Level 3 (Common Believer)

“It means that 100 points for one gold coin, huh.....”

One gold coin is 1000 Barse.

It means that I need 20000 Barse to take a skill with 2000 Believer Points.”

“But, if it’s like this, I can just let Femil pay for it huh.”

“You’ll make that girl pay for it?!!”

“When I successfully collected skills, and she was able to stand by herself already, I’ll make her pay for it a little when she becomes successful.”

“If it’s like that, then okay.....”

“Other than that, there should be skills that would be difficult to learn by herself although I can gain it easily.

Just by selling those, I can easily get my money back.”

“.....”

“What is it?”

“Kehma’s, really smart huh.....”

I see.....”

It is the idiot girl Laura who would think I’m smart with just that.

However, I really don’t feel bad hearing it, you know.

And although I would say things, I like this idiot loli big breasted damn useless goddess.

## CHAPTER 20

### DOING “ECCHI” THINGS WITH DIFFERENT GIRLS

---

Damegami, you're cute, Damegami.

I'll touch here and there okay, damegami.

“Hyaaaaan! Ahn! You're touching too much, idiot!! Kehmaaahh!!”

The moaning useless goddess was so cute that I touched more and more.

Rather than lust or libido, it's her appearance of hating sexual harassment that was cute.

And when I played with her with such motive――.

“Kehma-samaaa!!”

The blond drill hair Ojou-sama who is the store owner of the inn Asha opened the door strongly.

“Will you please, go with me to a night of alcohol journey?!!”

Asha who rushed into the room saw me and Laura and got petrified.

“W-Were you.....in the middle of doing it.....?”

“No!!”

Laura quickly denied.

“Kehma is ecchi and pervert, and just kind to me when I do things and smart, that's all!!!!”

“I can only hear praises though.....?”

“A-A-A-Anyways, we're not in *that kind* of relationship!!

We're not!! We're not okayyy!!”

“Is it alright, if I invite Kehma-sama for a night of alcohol.....?”

“Of course! Instead, you can make him drink until he drowns!!”

“I don’t mind too, but.....”

“Understood!!!<sup>1</sup>”

Asha nodded with a face full of smiles.

She went to the corridor――.

And brought a small barrel.

It is about 40cm tall and thick enough that Asha could only bring it using both of her hands.

However, a barrel is a barrel although it is small.

I think that there is about 50 liters inside.

On top of that, Asha brought three of those.

“I was not able to defeat Kehma-sama, but he is a person who was able to drink with me equally.

I have never met such person, so I am very happy～”

Asha sat down while she said that sweetly while smiling.

*TopoTopoTopo.*

She plugged a tube-like thing to the barrel and poured alcohol. She drank it all at once.

“It is the best!!”

I also drank.

Citrus and carbonate, it has a refreshing taste and flavor.

Poison Constitution LV2 117/150 (↑1)

As usual, alcohol is treated as poison.

And the reason why the Poison Resistance is not trained is because the skill is not raised.

“You really drink good as usual～♡”

Asha put her hands together and made a pose that girls make when they ask for something.

“Hey, Kehma.”

Laura pulled the hem of my clothes.

“Is alcohol, really that tasty?”

“Of course!!!!”

Asha answered.

“Alcohol is GOD! Alcohol is JUSTICE!

Everything that exists in this world was born from alcohol and everything shall disappear to alcohol!!!”

“That much?!!”

“It’s that much!!!”

“Alcohol’s amazing! Alcohol’s amazing!! Kehma! Kehma! Kehma!!!”

“Ahn, Ahn”, Laura opened her mouth as she pulled the hem of my clothes.

I grabbed a cup and put it to Laura’s lips.

Laura held my hand tightly and swallowed as she drank.

“Fuaaa..... Amazing. It’s really, deliciou.....”

*Batan.*

Laura collapsed.

It was an instant although she have Poison Constitution.

“Laura-sama has, the constitution of being unable to drink huh.....”

Asha wept from her soul.

She cried so sadly as if she looked at an unlucky girl who died at 6 years old.

For Asha, being unable to drink alcohol was something like that.

And after about 30 minutes.

Asha peeked inside the barrel and said.

“There’s nothing left.....”

“It looks so.....”

“It is very regrettable, but it is for the best to drink alcohol moderately. I will let it end with just this for today~♥”

It looks like three barrels is moderately inside Asha’s world.

It is a different world in a sense.

And that Asha, she started sticking her body to me.

“Having someone who is able to drink with me, it feels this good huh.....♥”

*Chu..... ♥*

She kissed my cheek and started to cling to me sweetly.

“I understand now why the fortune teller said that my fated person is someone who can drink more than me.....♥♥”

This, can I do it.....?”

I thought and reached my hand to Asha’s huge breasts.

“Kyan♥!”

Asha let out a sweet voice and hid her huge breasts while saying reasons.

“You shouldn’t, Kehma-sama♥

My current relationship with Kehma-sama is just friends.

If you want to do dirty things with me, please do it after you drink me under the table♥”

“But leaving that on the side, can I touch a little more?”

“Nothing can help Kehma-sama huh.....♥”

Asha loosened her clothes and showed only the parts above.

“This is special, okay.....?”

Then, she slowly embraced me and let me place my face between her breasts.

Keeping matters aside, Asha is also quite drunk.

“This time for sure, please excuse me♥”

Asha bowed her head and left my room.

It was really, heaven.

I stole a glance at Laura.

(Kuka～, Kuka～)

The idiot girl Laura slept unguardedly.  
And, there are two mountains on her chest.  
I poked just to test it.

*Zunyuu.....*

I thought of poking it just a little but it reached so deep.  
I started grabbing it while I'm at it.  
*GunnyGunny*, I touched her.  
Really, only her breasts are the best.

“nfhuu.....”

Laura moaned and moved her legs.  
Her thighs could be seen because her skirt got misplaced.  
And because of that, I became slightly curious.

(This girl, I wonder what kind of panties she's wearing.....)

I held the hem of her skirt.  
It this was normal times, I would've held back for sure.  
But I am drunk right now.  
I flipped her skirt and looked at it.

“Bhu!!”

I had a nosebleed.  
This damn useless goddess.

She's not wearing anything.

Why aren't you wearing anything!!  
Do you want me to attack you?!  
No, seriously?!!

I thought of that, but that was too much.

Laura says bad things about me, but still, she still believes on me.

The reason why she does not leave me how much I bully her, is because I am not exceeding the line that must not be exceeded.

And exceeding that is a betrayal to Laura.

I cannot do that.

I absolutely cannot do that.

I still want to, I want to continue bullying this useless goddess!!

I want to play with this useless goddess that continues to like me although I bully and bully her.

I left the room in a dash.

I rushed into the room on the side.

I felt like there was some lock, but it was destroyed with one hit.

“K-K-K-K-Kehma-san?!!”

The bunny-eared glasses-girl Femil instinctively hid her own breasts and fidget. Her cute panties have white and pink stripes.

“You were in the middle of changing huh.....”

“If you understand that then please go out!!”

“Sorry.”

I left obediently.

I returned after five minutes have passed.

Femil was wearing a black robe and holds her wooden staff.

“What was that all about.....?”

“When I was looking at Laura, I just got a little aroused. I thought of staying here.”

I sat on the bed before I got permission then said to Femil.

“Sorry, Femil, please go to my room.”

“It was something like that.....”

“It is something like that.”

“If so.....”

Femil puts her hand inside her skirt.

She took off her own panties.

And then, she slowly passed that pink and white stripey to me.

“If you are fine with mine, please use it.....”

“Is it okay?!”

“Kehma-san have, helped me, so.....”

Femil whispered as she rubbed her legs.

She bowed her head and left the room.

The only thing that remains is me and the warm panties in my hand.

I’m worried about Laura for being an idiot, but I’m worried about Femil for being too sincere.

# CHAPTER 21

## QUEST FROM THE BLACKSMITH

---

The morning came.

I easily raised my level with Asha's breakfast.

It's like this together with last night's drinking.

Level: 1339→1369

HP: 11663/11663(↑240)

MP: 10787/10787(↑260)

Strength: 10482(↑250)

Vitality: 10490(↑231)

Agility: 10422(↑242)

Magic Powers: 9933(↑246)

Learned Skills

None

Raised Skills

Detoxification Constitution LV1 4/50 (↑2)

Poison Resistance LV2 1/150 (↑1)

Poison Constitution LV2 140/150 (↑24)

High Jump LV1 8/50 (↑5)

Well, it is just a normal level without significant difference.

Although, it's like this if it's compared to the adventurers around.

Name: Mack Garden

Job: Warrior

Level: 22

HP: 144/144

MP: 0/0  
Strength: 115  
Vitality: 145  
Agility: 60  
Magic Powers: 0

Name: David Thumb  
Job: Swordsman  
Level: 24  
HP: 124/124  
MP: 0/0  
Strength: 151  
Vitality: 88  
Agility: 133  
Magic Powers: 0

Name: Morgan Mavis  
Job: Martial Artist  
Level: 30  
HP: 178/178  
MP: 0/0  
Strength: 143  
Vitality: 142  
Agility: 144  
Magic Powers: 0

It means that a difference of 30 levels is very significant!  
Anyways, I finished eating my breakfast.  
I let Laura eat the remaining food by letting her open her mouth wide.  
It is the useless goddess, as usual, being fed with the daily food.

“We’re going after we finish eating okay?”  
“(nGunGunGu), su wher?”

“I want to test many things. I mean, don’t talk while eating.”

“nGu.”

Laura closed her mouth. *MoguMoguMogu*, she chewed.

“What do you mean by, experiments.....?”

“It’s about Femil.”

“It is about me huh.....”

“Well, I’ll explain later on about that.”

We went to the guild after finishing our meal.

I searched for some kind of quest.

Quest

It’s dynamic chopping firewood<sup>1</sup>!!

Difficulty

I want B or C!

But if you have confidence in your power, I don’t mind if it is G!!!

Rewards

The basic salary is 4000!

But depending on your hard work, it can be 20000 or 30000!

It is not just chopping firewood.

It’s Dynamic Chopping Firewood.

I can imagine how dynamic it is from how its name and rewards are.

“Just a suitable quest.”

“Ehhhh?!”

“What is it? Femil.”

“D-D-D-Did you not see the notation?! The recommended rank is B or C you know?!”

“Isn’t G is alright too written as well.”

“That is true, but.....”

“That is my Kehma after all! It is alright like great and famous!”

“You trust in him, huh.....”

“W-W-W-W-Well, if it comes to his skills that is!”

When Femil said that with the look of aspiration, Laura acted weirdly with a red face.  
How can I say this, this makes me disconcerted.

We came to the quest's place.

There is a small weapon's shop there.

Although I said it is small, it is bright inside the store, and the prices are high as well.  
One short sword costs 200000.

“It was a quest from the Golden Prairie, huh.....”

“Do you know about it? Femil.”

“It is one of the several trading groups.

They are the people who have the motto of 『Good quality is expensive naturally』 and  
in return for having good quality, they sell at an appropriate price.”

“I see.”

I picked up one sword.

The sword's blade that shone really seemed sharp.

To test it, I pulled out one hair and dropped it.

The instant the sword's blade touched the hair, it cuts it cleanly.

It's this sharp with just a short sword.

It's better to think that their skills are quite good.

I went to the back of the store and went towards the counter.

Short blonde hair and goth lolita clothes.

I called out to the girl with beast ears growing on where humans ears are.

“I came for the chopping firewood quest.”

“You are the one who accepted the quest this time huh!”

“Yes, that is right.”

“You’re so thin~~~. Do you eat meat?!!”

“I think that you shouldn’t say that because you’re pretty much the same?”

“To think that you would ridicule this Golden Princess, Lalana Highlord. Can I take that as a declaration of war against the Golden Prairie?”

“If you’re saying something like that, if you’re making a fool Kehma, that’s a declaration of war against me!!”

“It means that it’s war huh!!”

Where in the world did she take it out? The girl——Lalana pulled out her axe.

“Fueeeeeeeeeeeeeeeee!!!”

The goddess that is useless got frightened in an instant.

She made a face that is about to cry within three seconds and clung to my body.

“You, really.....”

I could only look at her, but I’m happy because she defended me for an instant.

I embraced her as if to protect her and said to Lalana.

“Don’t bully her too much.

This girl, she’s an important existence for me.”

“Kehma.....♥”

Laura became entranced and flushed her cheeks.

I embraced her strongly and whispered.

“This damn small fry Laura who acted so cool, but is immediately about to cry, she’s my property.....

This damn trash of a girl with a sexy body is a bullied meat slave just for me.....!!”

“So cruel?! Aren’t you so cruel that it exceeds just a little?!!”

“You’re so cute.....

Laura, you’re so cute.....

You when you are being bullied by me, is like an angel.....!”

“Nooooooooooooooooooooooooooooooooo!!!”

No sadist!! Nooooooooooooooooooooooooooooo!!!”

Laura strongly struggled, but I intentionally did not let her go. I rubbed my cheeks against her and looked how lovely she is.

After seeing her loveliness for a while, I returned to a serious face.

“But well, leaving the jokes aside.....”

“Joke?! Is it is it really, really a joke?!!”

“Of course right?”

“You have a beautiful and fresh face, but I somewhat feel bad?!!”

“Anyways, I’ll go and chop firewood or whatever, just guide me.”

“U-Umu.....”

Lalana nodded as she felt like backing away.

We were guided to the back garden.

“What I want to use as firewood, is this.”

“This.....?”

“Umu, it’s this.”

“No matter how you look at it, it only looks like five chunk of black boulders were lined up.....”

“If you talk about firewood in our industry, it means this so it cannot be helped～.”

Lalana swung her axe with a one-sided blade that is 140cm long including its handle that is as tall as her.

“Ssei!!”

“Doryaa!!”

“Uryaaa!!!”

She swung down, she swung to the side, making the chunk of boulders into a square. And even so, there is still one-meter height and width.

Lalana cuts off a part of its edge like a bar of sweet jellied adzuki-bean paste.

She places it on a steel stump and strikes it like “Serryaa!!”, “Serryaaa!!”.

And after that, it became square blocks that are 5cm each.

“And so, it’s like that.”

“What a beautiful firewood!!”

“It is really beautiful, huh.....”

“This, is it really firewood?!!”

“Isn’t it firewood no matter how you look at it?”

“It’s firewood no matter you look at it.”

“No matter you look at it, I think it is firewood.....*pyon*.”

It looks like this thing, 『No matter how you look at it』 it’s firewood in this world.”

“You only need to make one of those as firewood before the sun sets.

It is 4000 Barse with that.

If you have leeway, do the remaining blocks as well. It is 4000 Barse per block.”

“If it’s 4000 Barse per one, it’s only 20000 even if all of it was taken care of right?

I feel like it was written in the quest paper you would pay 30000 too.”

“If you make firewood out of all of it, I’ll pay it as a bonus.”

Lalana who answered casually laughed.

“Well, I don’t think you can do it though.”

“Is that so?”

“This Golden Princess, an executive of the Golden Prairie can’t do it you know?

There is no way that an adventurer out of nowhere can do it.”

Lalana said with full confidence. I carefully made a sign to Laura.

Laura used her Identify and touched my hand.

She showed me Lalana’s status using the Sense Sharing power.

Name: Lalana Highlord

Race: Dwarf

Level: 220  
HP: 2220/2220  
MP: 0/0  
Strength: 2420  
Vitality: 2530  
Agility: 1300  
Magic Powers: 0

### Skills

Axe Techniques LV3 120/300  
Taijutsu LV2 10/150  
Blacksmithing LV4 80/500

### ◆ Race Explanation • Dwalf

The descendants of the race that are said to be born between the Originator Dwarf and Originator Elf.

It is completely random which characteristics they will be born with.

Having many people with golden hairs, and having plenty of excellent talents, the organization that manages them is called 『Golden Prairie』 .

She's strong just like how she said it.

It is the first three-digit level excluding me and that forest's monsters.

If her axe can be said as a high-level class, then her blacksmithing is master-class.

Well, she's not my opponent though.

I mean, having this much is already a great person in this world huh.

I feel like the Lion and Boar are too strong, but the power balance in Earth was like that as well.

It just means that 『Guys who can defeat monsters without using weapons are inhuman』 , whatever world it is.

## CHAPTER 22

# QUEST FROM THE BLACKSMITH COMPLETED

---

I picked up the axe Lalana left.

It's an axe with a diameter of 140cm but in my case, I can hold it with one hand.

I casually swung it.

It's probably the material's characteristic. The block cracked with the edge of the axe and broke into two.

However, without Axe Techniques, it feels like I 『only swung down what I hold』 .

I cannot use it as dexterous as Lalana.

“Laura.”

“U-Un.”

I gave Laura eye contact, and she opened the catalog window for me.

I learned the Axe Techniques that can be taken using 5 Believer Points.

In that instant, I 『understood』 the axe.

The center of its gravity and the way to hold it. Things like how strength would be passed on to it, I understood it instinctively.

I raised the axe and swung it down.

*Sukaaa —n.*

A clear sound echoed.

“This isn't bad.”

“I know right?”

Laura sticks out her huge breasts proudly.

This time, I also patted her head honestly.

“Ehee~~~~~♥”

“W-W-What in the world did you do?!! Kehma-san?!!”

“Well, it’s just some kind of a special skill.”

I placed my hand on Femil’s head.

I strongly invoked inside.

(Skill Transfer!)

*Buuooooon* —, I felt like my power transferred to Femil.

“With this, try chopping the firewood just a bit.”

“Ye……! Yes……”

Femil’s cute bunny ears are drooping.

It is very clear that she’s afraid, frightened, and scared.

“Can you do it although it might be hard. It’s just a test.”

“Yes……!!”

Femil grabbed the axe.

“nn……!!”

Like that, she mustered her strength.

She quickly raised the axe.

However——.

“Auuu! Auu~~~~~!!”

She staggered back.

I quickly embraced her from behind.

“Are you okay?”

“I’m sorry……*pyon*”

“No, it’s fine, it’s just a test.”

“Auuu.....”

“Well then, this time, can you use this small axe?”

“Yes.....”

I passed her an axe that even a child can hold with one hand.

“Ah!.....are?”

Femil made a confused voice as she moved the axe back and forth.

“What happened?”

“I cannot say it properly, but.....”

“Un.”

“I feel like, I can use the axe.....”

“I used it after all. That kind of power.”

“Yes.....?!!”

“It’s impossible for those complicated ones, but I can do it on easy things.”

“Amazing.....!!”

Femil stared at me with a sparkling gaze of respect.

“If you think so, then try chopping the firewood.”

“Yes!!!”

Femil started chopping firewood.

*Sukkaan!! Sukkaan! Sukkaan!*

The blocks that were like obsidian were gradually chopped with simple swings.

However――.

“Auu.....”

Femil used up her strength when there was only half remaining.

She herself tried to do her best, but her body staggered and almost collapsed.

I supported her with an embrace.

The skin on her palm got torn, and blood was coming out.

“Heal.”

The wound on her hand closed.

“Can you stand?”

“It’s difficult.....*pyon*”

Although her wound closed with the heal, her stamina did not recover huh.

“You can rest.”

“I’m sorry.....”

“It’s fine though, I understood pretty much after all.”

“It means, I was of help.....?”

“Un.”

“I’m happy..... ehehe.....”

Femil smiled sweetly.

She is honest, diligent, and lovely.

(By the way, Kehma. What was it that you understood?)

Laura asked with a small voice.

(I understood that even having a high-level skill, one can’t use it properly without basic stamina and strength.)

(I see.....)

(The reason why you would easily have an upset stomach or get drunk is probably because of that too.

You’re too weak in the first place, so it’s still weak even with the help of level 1 resistance.)

(Fuee.....)

The useless goddess Laura received a shock.

Well then.

I understood what I want to find out.

“Excuse me～! The work, it’s finished～!”

“Isn’t that too fast?!”

“But still, it’s pretty much finished!!”

“What?!!”

Lalana came flying.

She shouted as she saw the remaining four and a half blocks.

“It isn’t over at all?!!

Picking a fight with me? That’s a declaration of war against the Golden Prairie you know?!!”

“That’s why I’m saying; I’ll finish it now.”

I placed my hand on the sword around my waist.

I drew it and *Zuzazazaza*.

I flashed silver slashes and cut the black block in front of me into pieces.

“Y-You.....you’re quite good.”

Lalana held her axe and pointed it to me.

“But, that much, I can also——”

Lalana was about to say something, but I sheathed my sword.

*Pachiri*

The instant that sound echoed.

The four black boulders got sliced into pieces.

“Whaa——————————!!?!?!?!?!?”

“Is there any problem?”

Lalana picked up the firewood that was sliced into pieces and stared at it.

“There’s no problem, I mean, it’s like.....it’s a problem that there’s no problem.....”

Even so, it looks like she was convinced.  
Lalana placed a finger on her lips and whistled.  
Three small guys came out.

“You called?!”

“You called—?!”

“Master—! You called—?!”

It's the small guys selling the fried round bread.  
It is unknown whether they are just of the same race or actually the same person, but the three of them looks exactly the same.

“The firewood's ready. There's a lot of it, but bring it to the workshop.”

“There's a lot～!”

“We were having tea～!”

“The snack time, it got interrupted～!”

” ” ” The world, it abandoned us～.....” ” ”

The three Nojyas fell to the ground in fours.  
Looking at them closely, there's cream around their mouth.

“If you were having your snacks, you can start after finishing it.....”

“An angel～!

“A God～!!”

“There is no doubt that Master is the God that created the world～!!”

The three Nojyas displayed vocabulary similar to that of Laura's and returned to the shop.

“Geez..... those servants.”

But although she was saying that, Lalana did not seem like she did not feel bad about

it.

“By the way, can I ask something?”

“What?”

“Is there a monster that uses Flame Magic around here?”

“If it is nearby, it will be the Magma Slime in the Babarel Volcano across the Green Forest.....”

“If it’s about its level, I think you don’t need to worry?”

That’s the reason why I showed my strength too.

“Well, just tell me whether there’s a monster that uses Instant Death there.”

“I have not heard that such monster exists in the Babarel Volcano.....”

“Is that so.”

“If you plan on going to the volcano, can you pick up some ores?”

“I don’t plan on going too deeply though.”

“Well then, let’s make it that it’s only ores that can be taken in the first layer.”

“Thank you very much.”

“I’ll make it as a Designated Quest in the Guild. What’s your name?”

“It’s Kehma. Kosakai Kehma.”

“I’ll remember that.”

# CHAPTER 23

## VS BAT

---

After finishing the job, I raised my level with a light meal.  
Then, I went to the guild while feeling happiness.  
When I went in front of the reception, the usual Onee-san said.

“Kehma-sama.....”

Onee-san stared at me with a slightly surprised face.

“Actually.....”

“Is it about Lalana-san’s designated quest?”

“?!!!!”

“After chopping the firewood, it became like that.”

“To receive a designated quest three days after registering, how frightening.....”

“Is it really that rare?”

“At the least, such case does not exist in this guild.”

“I see.”

“And, about Lalana-sama’s quest, is it okay to assume that you are accepting it?”

The Onee-san took out a quest paper.

Quest

Collection of warm small stones.

Difficulty

Probably about D.

Rewards

I’m thinking of 3000 Barse

Details

I want you to collect 『Warm Small Stone』 that can be taken near the Babarel Volcano. I will lend you a magic bag with 5 kilo of capacity, so. It's good enough as long as you pick up until that is full.

“Magic bag?”

“It's this.”

The Onee-san showed me the bag.

With a glance, it is a brown bag, but its string has a rainbow color.

“Items can be placed inside as long as there is capacity left.”

“Yes.”

“It is a very expensive item, so please be careful.”

“Is compensation for it needed or something?”

“It does not, but you will lose trust.”

“I see.”

I nodded and took the bag.

“Also, if you are going to take the quest, please take out your guild card.”

“Yes?”

I passed the card to Onee-san while tilting my head.

Onee-san went to the back and processes something in the guild.

She returned.

The card has the letter D.

“Kehma-san shall be promoted to D rank——exceptionally.”

“Ehh?!”

“From our perspective, we can tell that the possibility of Kehma-san breaking through the Babarel Volcano without injuries is high, so.....”

When Onee-san muttered that, Laura said.

“If it’s like that, shouldn’t you just raise it when we return? Like great and famous.”

“If it is like that, it will be too late.....”

“???”

“Well, that’s exactly true.”

“.....?”

“Eh?! Hey, what does that mean?!”

It looks like Femil and Laura did not understand it.

Femil absentmindedly looked up to me and Laura asked frankly.

Especially Femil, she’s making her bunny ears stand to listen to what I say so cutely.

“It’s about what the other G-Rank adventurers would think if me, a G-Rank as well, returns without injury.”

“Ah.....!”

It looks like Femil understood.

Her expression changes to that of a bright one.

Her tail started swinging.

However, Laura tilted her head while she placed a finger on her lips.

“They’ll think, my Kehma’s.....amazing???”

“We’re just saying that as a result of that, there might be guys misunderstanding that they can go there too.”

“Isn’t that very dangerous?!!”

“That’s why they raised my rank before I went to the volcano.”

“The Adventurer Rank also has the meaning of whether the adventurers are doing their job well.

That is why, we do not prefer raising one’s rank suddenly, but.....”

“My Kehma is just too amazing even keeping that in mind huh!”

“Yes.....”

“Ehehehe~ ~ ~”

Laura’s face became delightful although she’s not the one who’s being praised.

Oh really, this useless goddess.

I thought of that, but I felt happy about it.  
I took the two with me and went to the Babarel Volcano.

According to the guide that I received in the Guild, the Babarel Volcano is across the Green Forest.  
I said before we enter the forest.

“Femil.”  
“Y-Y-Y-Y-Yes!”  
“Lend me your head for a bit.”  
“H-H-H-Here! Please do what you want!”

Femil reached out her head. I placed my right hand there.

(Skill Transfer!)  
“Hauu.....!”

Femil became flushed and started fidgeting.

“How is it?”  
“Eh! Ehhto.....”  
“Shouldn’t you be able to use Ice Needle?”  
“My magic aptitude, there should be only flame though.....”  
“If you think so, try shooting towards that tree.”  
“Yes.....”

Femil looked towards the tree’s trunk.

“Ah.....! Are?! Auu!?!”

She raised her magic powers and declared although she had confused eyes.

“I command you stark stake of ice. Pierce my enemies! Ice Needle!!”

*DosshunDosshunDosshun!!*

The three huge icicles pierced the tree's trunk.

"The instant I held my staff high, the chants, it appeared in my head.....desu."

"I told you right? That I can make you learn."

"Kehma-san, how amazing..... auuu....."

Femil stared at me with a gaze of respect——

And fell on her butt.

"What happened?"

"I got so moved to Kehma-san who's so amazing; my knees gave up....."

"How exaggerating～."

"It's not an exaggeration you knoww～ .....auu～"

"Anyways, since we're going to fight against monsters in the volcano, it's better to have Ice Needles right?"

"What about Kehma-san.....?"

"I am, well, I should be fine."

I drew out my sword.

I casually swung it while I drew it out.

The tree that was more than 2 meters tall was cut into pieces.

"Amazinggg～ .....♪"

Femil's gaze of respect got stronger than earlier.

And with this and that in the forest.

After we easily went through the bright zone and passed through the dark jungle, in a certain cave near the volcano.

“Auuu.....”

“What is it? Femil. Why are you trembling on top of shrinking your body?”

“U-U-U-Unlike, Kehma-san and Laura-san, t-t-t-this isn’t a place, w-w-w-where a D-Rank like me, could enter.....”

“I’ll support you.”

“Yes!!”

Femil somehow nodded.

Being honest is a good thing.

We entered the cave.

It is unexpectedly bright.

“It looks like the flame mana that swirls in the volcano is just making the stones shine red!!”

The useless goddess Laura started explaining properly .

To test that, I scraped the wall.

The boulder wall that was shining like the setting sun became just a stone.

“I see.”

“Auu.....”

“Is it hot? Femil.”

“I-I-I-It’s alright.....auuu〜”

She is already about to collapse although she said that.”

“Drink water okay?”

“Y-Yes!!”

I passed the canteen and let Femil drink water.

And then――.

“It’s here!!”

Monsters appeared.

“Kikikikiii――!!”

It’s a Flame Bat, red like flames, and has a diameter of 30cm.

There are three of that.

I feel like I can defeat it in an instant by releasing a flying slash, but――.

“I-I-I-I’ll do my best!!”

Femil suddenly stepped forward.

“Ice Needle!!”

*DosshunDosshunDosshun!!*

The three icicles flew towards the bats!!

“Pikii!”

“GYAAA!

“Kikii――!!”

The icicles were able to kill two, but one missed.

“Are you alright not chanting?”

“I used it once, so I somehow remembered it!!!”

That’s quite amazing.

As I’ve thought, she has a good potential when it comes to magic.

And while we were talking like that, the remaining bat came flying over.

Femil tried to hit it using her staff.

“Eii! Yaa!.....auuu~~~~~!!”

However, her attacks did not hit even once.

It was dodged easily.

The bat that fluttered its wings opened its mouth and breathed fire.

About this much, huh.

I made Femil fall back.

I drew my sword.

I cut the flames.

And split the bat into two while I did that.

“.....yosh.”

“You really, did not need magic, huh.....”

“Well, yeah.”

“Fufu”, I made a smile.

The Swordsmanship’s level, it’s good that I raised it!

Chapter 24 – Learning skills just by eating!

“This is the 『Warm Small Stone』 huh.”

“Looks like it!”

The Warm Small Stone is literally a warm pebble.

Although it is as black as coal, it is faintly warm when you pick it up.

It’s like a freshly prepared bath.

“It says that it’s a stone that was showered with mana for a very long time and finally started to release heat!”

“I see.”

I placed the pebble inside the magic bag.

The pebble fell inside the bag.

I took a peek, and there’s a pebble inside.

It doesn’t feel like magic at all.

I placed new pebbles inside, and its quantity also increased inside normally.

But――.

“It stopped increasing.”

When I placed more than ten, it stopped increasing inside.

*Kachari*, it sounded when I dropped the pebbles inside, but it doesn't look like it increased.

However, when I turned it upside down, *jyarajyarajyara*, it fell.

"This bag, it's amazing."

"That's why it's magic!!"

When I got impressed like that, Laura seemed to be very moved.

"By the way, Laura."

"n? What?"

"Can you take them out? Magic bags."

"Ee~to....."

Laura started to think deeply with her fingers to her temples.

"When I searched what I can take out<sup>1</sup> with my current Goddess Points, there's a 10 kilo capacity that anything can be put in, and a 100 kilo capacity although it is limited for food only....."

"Take out the 100 kilo one."

"I got it."

Laura silently reached out her hands.

"World! Follow my command and make a miracle!

My name is, Laura Gines Amara!"

A white light emerged, and a red bag appeared.

"Here, Kehma."

"Thanks."

"You can praise me okay? Praise me! Ehhen!"

This time, this is great and lovely, honestly.

I patted her head.

“Ehhee〜”

My goddess smiled with a dumb face.

I feel relaxed.

“Auu! Ha! Auu.....!”

“What happened? Femil.”

“I feel like, I just saw powers that I should not see.....”

“Well, keep it a secret okay.”

“Is it okay, treating it that simple.....?”

“Although we have only met for a short time, I think that you’re a girl who won’t spread about things I asked you to keep a secret.”

“Thank you<sup>2</sup>.....”

Femil hugged her staff and flushed her cheeks.

“Anyways, let’s go.”

“Y-Yes!”

We advanced.

We collected the quest item, 『Warm Small Stones』, that can be found around, and passed through three way junctions and crossroads.

We encountered Flame Bat and Flame Wolf. Also, Magma Slimes.

“Ice Needle!”

“Ice Needle!”

“Aiiisuu Neeeedle!!”

However, all of the monsters were swept by Femil with one attack.

“I did it!!”

Femil showed a smile towards me with delight from that.

“You look happy.”

“Yes!! Yes!! I was a dropout who could only use Fire Ball, for a very, veeery long time after all!”

“But that Fire Ball, wasn’t that top class in your school year?”

“How, did you know.....?”

“It’s because I have that kind of power.”

“Amazing.....♥”

Femil became mesmerized and flushed her cheeks.

“But, your vitality is like paper right? Don’t get away from me.”

“D-D-D-Does that mean, I can.....stick to you.....?”

“As long as it doesn’t have obstruction when you’re chanting your spells.”

“Hauu～.....”

I wonder how she understood that? Femil had a bright red face.

Her face is really red that there might even be steam raising from it.

It looks like on top of being diligent, honest, and pure, it looks like she’s innocent as well.

I feel worried about her a little.

I should protect her properly.

“Kehma, Kehma. I’m also, I’m also, not that durable okay?”

“Is that so?”

“I’m a Goddess, but a Goddess of Wisdom you know. My basic stats for battle, it’s set very low you know.”

“That’s your intelligence on top of sacrificing your battle strength?!!”

“That way of saying it, isn’t that weird?!”

This is the scene where you get convinced like 『That’s why you’re that intelligent huh』, right?!!”

I felt a little envious about this useless goddess who still have confidence in herself.

There are no happier times when compared to the time when you’re drunk to alcohol or to yourself.

“Anyways, it’s like that, so protect me too okay!

You can prioritize Femi-chan if it becomes dangerous, but protect me if it is alright okay!!”

“I can prioritize Femil if it becomes really dangerous?”

“Although I’m not good at fighting, I’m can still do better than Femi-chan.....”

It is Laura who is usually useless but says good things from time to time.

After advancing for a while.

Femil became very exhausted.

“Auu～, auuu～.....”

Her breathing had gone up and her back curled, she sweating very hard too.

“From how the map looks, there’s a resting area soon.”

“Is that, so.....”

“After we reach there and rest, let’s end our exploration for today.”

“Yes.....!”

We reached the resting area.

It is a space where the barrier stones that the Guild personnel probably set are in four corners.

That area where rainbow-like shine with a milky white as a base was released, it was simply beautiful.

And advancing a little, there is a magma river flowing.

That river that releases an orange shine looks very beautiful although dangerous.

“It looks like it’s a resting place that the Guild personnel made!

It seems like it’s a double structure with sand that has a smell that monsters hate were scattered to the ground and a barrier using barrier stones!!”

Laura-san who seem to have a setting as a Goddess of Wisdom said that while she looked at the guide book.

“It was started with the cooperation of the academy that I went to and the Guild-san right.”

On top of that, she’s even helped by Femil who is a civilian.  
I scoffed at Laura.

“W-W-W-What!! It can’t be helped right!  
It seems like it’s only recently that sands and barriers started to get used!!”

It is the usual dictionary goddess.

Well, whatever.

I took out the preys from my magic bag.

Flame Bat and Flame Wolf. The chunk of the Magma Slime.

I dismantled the Flame Bat and Wolf.

I carefully fried it using the magma river and placed it on top of a plate.

The Flame Bat became shredded meat. The Flame Wolf became something like a steak.

Their meat is mostly red. It looked like it was soaked in red pepper.

“It looks delicious from how it looks.....”

Laura’s stomach sounded like *kyururururu*, *kuu* ~ ~ ~.

I took a bite of the Flame Wolf steak first.

(Fuoo?!)

It’s spicy.

The spicy hotness entered my mouth and spread widely.

However, meat juice overflowed every time I took a bite and it mixed with the umami very well.

It’s delicious although it’s spicy.

I couldn’t stop, I did not stop.

“Haa, haa, haa, haa.”

I breathed like a dog.

Water. Cold water, please.

“E～to, here!”

Laura who understood passed me the water bottle.

I drank in gulps.

The residue of the spiciness remains.

Although it's like that— it's delicious.

*Tererettete* ～.

I leveled up too.

Level: 1369→1391

HP: 11833/11833(↑170)

MP: 10954/10954(↑167)

Strength: 10650(↑168)

Vitality: 10642(↑152)

Agility: 10577(↑155)

Magic Powers: 10102(↑167)

Learned Skills

Sweltering Heat Resistance LV2 11/150

Raised Skills

Flame Emission LV6 1021/3000(↑8)

Sweltering Heat Resistance, I got it!!

On top of that, having it with level 2 is great.

Getting level 2 instantly means that it will become level 3 after eating just a little.

Since one can name their self as first class with level 3, it is really great.

“Kehma! Kehma! Kehmaa!!

Laura placed her hands on my thigh and opened her mouth like *Ah ~n*.

The very close distance between us is a little dangerous.

I let her eat a slice of the steak while I looked to the side.

*MogyuMogyuMogyu*

Laura silently chewed the meat――.

“?!!”

Both of her eyes widened suddenly.

“What’s this! It’s hot, it’s hot, it’s hooot~~~~~!

It burns. It burnsss~~~~!

Flame is coming out of my mouthhh~~~~~!”

Laura swallowed the meat while she was like *HafuHafu*.

“Fuaaaaaan! Ahn! Ahn! Ahn! It’s hot, it’s hottt~……!

The meat is slowly coming to my body, haa! Ha!♥

Haaaaa~~~~~n! ♥!! ♥♥!!”

Laura who moaned with the spiciness and umami was somewhat sexy.

Her voice is sexy without any need to say it, but her body that is full of sweet is sexy too.

“Kehmaa♥ Give me～.

More, more, give me more of that hot thing!!

I want it, I want it～!!”

“I got it! I got it already so calm down!”

I shove it into the goddess.

“Hafu! Hafu! Hafuuuuun!!

It’s spiciliciousss!! Spiciliciouuuussss!!”

The goddess moaned and moaned.

“It is food, that makes you 『come』 for it, huh.....”

Femil also placed the meat on her plate and had a red face.

In fact, it is spicy.

After that, I ate a lot while I cooled myself with *hafuhafu*.

*Tererettete* ∼.

*Tererettete* ∼.

*Tererettete* ∼.

I leveled up a lot and my Sweltering Heat Resistance became level 3.

I transferred those to Femil and Laura, and raised my own resistance again.

I tried transferring the skill many times, but I wasn't able to transfer it by parts.

When I thought of transferring a level 3 skill, it must be the whole 3 levels.

I cannot do it like dividing it with 1 and 2, and give Laura 1 while I have 2.

“Muu∼”

And lastly, I slurped the Magma Slime's soup.

It was really spicy like magma, and it spread throughout my mouth.

My body temperature raised and I was covered with sweat.

*Tererettete* ∼.

I leveled up too.

It's like this after all of that.

Level: 1391→1462

HP: 12361/12361(↑528)

MP: 11480/11480(↑526)

Strength: 11140(↑490)

Vitality: 11120(↑478)

Agility: 11032(↑455)

Magic Powers: 10532(↑430)

Learned Skills

Flame Magic LV1 41/50

Sweltering Heat Resistance LV3 8/500

Raised Skills

Flame Emission LV6 1074/3000(↑53)

However, this Flame Magic, I will transfer it to Femil.

“Auu～, n! nnh!.....”

Is it because it is slightly thicker than other skills? Femil softly moaned.

“How was it?”

“Eh?! E～to.....”

Femil held her staff.

She pointed it to the magma river.

“nnhu.....!”

She condensed powers with her magic powers.

Her skirt flapped with the magic power's surge.

And what she released was――

“Fire Ball!!!”

It was that in the end?!!

I thought of that, but its strength increased very much.

The scarlet ball flew straight through the river and hit the wall in the opposite shore.

*ZUGONN!!!*

It was a crater with a 2 meter diameter that was made together with that explosive sound.

And, Femil who released that staggered.

I quickly supported her and asked.

“Are you okay?”

“Yess～ .....”

Femil said that, but her eyes were spinning.

Femil can only use Fire Ball, but the Fire Ball is very powerful.

『That right now, was not Flare.....』

『?!!』

『That was.....Fire Ball』

A conversation like that might happen in the future.

I drank the Magma Slime’s soup and learned the Flame Magic again.

I have the Flame Emission, but the consumption is different.

Magic consumes MP, but Flame Emission consumes HP.

That is why, having magic is convenient for certain situations.

Other than that, it’s a man’s dream.

Things like Flame Lance, just having that is very cool.

# CHAPTER 25

## FEMIL'S RESOLUTION AND

---

I let out a sigh after learning magic and getting the Sweltering Heat Resistance.

“UGYAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!!!”

We heard a voice from deeper within the cave.

“My eyes! My eyesss~~~~~!”

“My arm!! My earssss!!”

Adventurers jumped out from the wall's cover.

There are two of them.

However, one of them was stabbed by a spear of flame in his chest.

And one of them entered the space surrounded by barrier stones in four corners that also acts as a resting area.

“Haa, haa, haa.....”

“What just happened?”

“There's a Flame Element's variant!!”

“Variant?”

Laura placed a finger on her temples and answered after she accessed the Spring of Wisdom.

“It's like.....an amazing monster that appears once every 30 to 40 years.”

“It's just 5 years since it appeared in this are! It's just five years!!”

“It means, the variant this time is an irregular within the irregulars huh.”

The monster appeared while we were talking like that.

It's a monster that looks like a flame giant, having devil-like horns.

There are empty holes in the place of its eyes and mouth.

〈G000o.....〉

Wind sounds like one that comes from an old withered well came out from the Flame Element's mouth.

It breathed out flames.

The blistering violent flames were blocked by the barrier.

But, however, the Flame Element did not give up.

It swung a whip-like thing in its both arms.

*GAON! GAONN! GAOOONN!!*

The ground shook every time its attack hits the barrier.

“Hii! Hiii!!”

The adventurer who ran away curled down on the ground with his hands on his head.

“I-I-I-It's alright!

The academy's sensei is really amazing you know!

There is no way that the barrier that they created would be destroyed so easily!!!”

Femil said that while she held her staff.

However――.

The barrier stones cracked.

“Eh.....?”, Femil's face got stiff.

Everyone's gaze concentrated to the Flame Element.

However, I have learned the skill called Danger Sensing.

That sharp feeling caught a presence from above.

The Flame Element from ahead swung its whip sharply, and took distance with a back step at the same time that the barrier got destroyed.

*DOGOONN!*

A flame pillar was raised at the place I was standing just a moment before.

〈GOOOo.....〉

A Flame Element stuck to the ceiling and looked towards us with its empty eyes.

“There are two, variants.....?”

Femil let out a voice of despair.  
She shouted as she held her staff tightly.

“Please run away!!”

“Eh?!”

“Monsters that can destroy the barrier stones!  
There are two of them!  
There is no guarantee for our lives, even if it’s Kehma-san!!!”

Femil released her Ice Needle.  
It’s a magic that has a good compatibility with Femil who have an outstanding talent compared to the average magician.  
Normally, one would think that that is an attack that would deal a lot of damage.  
However――.

It evaporated before it reached the enemy and disappeared as vapor.

It is a surprising heat that eliminates what normal is.

“Auu! Uu.....”

Femil clattered her teeth, but even so, she shouted to us.

“Kehma-san is an amazing person! A kind person!  
A person that must live much, much longer!  
That’s why, that’s why, please run away with all that you have!!!”

The Flame Element attacked.

This time, Femil released a Fire Ball.  
The flames cannot be erased by flames.  
It collided head-on and created an explosion.

“Auu.....!”

Femil was blown away and fell to her butt.  
She had numerous burns although she has a level 3 Sweltering Heat Resistance.

“Please.....run away..... Kehma.....san.....”

“Femil.....”

“Yes.....”

“This is really, difficult to say, but.....”

“Yes.....”

The Flame Element breathed out flames when we were talking.  
I quickly drew my sword and released a sword slash.  
The flames that flew to us was split into two.  
And, when I sheathed my sword――.

The Flame Element split into two.

“Eh.....?!”

I casted Heal on the confused Femil.  
I also casted Heal on the adventurer that collapsed and the adventurer who got injured eyes and arm.

“This is really, difficult to say, but.....”

It was really difficult to say, but I still said it.

“Please kill meee!!

Please kill me with one thouuuught!”

Her feelings of shouting while crying, I understood it very well.

By the way, according to Laura, the variant from earlier had a level 1 Makyūshū.

It's the powers to level up just by eating just like me.

It can be guessed that the identity of the variants that appear every tens of years is monsters that have a unique ability.

I should've eaten them.

But anyways.

My fame rose again after reporting it when we returned to the guild.

- 
1. 走馬灯 – although not in this context, it is the flashing scene when one's about to die that shows that dying person's whole life

# CHAPTER 26

## FEMIL'S GROWTH AND PANTIES

---

I trained Femil continuously.

After letting her have basic training instead of warming-up exercise and went to the Guild.

We received quests that can be cleared at the volcano or the forest along the way and left the town.

I searched for enemy presence using my skill and let her shoot them with her Ice Needle.

Femil is level 17, but she is equal to an E-Rank Adventurer if we are just talking about her magic powers.

As long as she hits their weak points, most of the enemy will be defeated with one hit.

We continued until she collapsed and I carried her back after she collapsed.

“Kehma-san.....”

“What?”

“Thank you, very much.....”

“Don’t mind it.”

“Hauu.....”

I somehow knew that her tail on her butt slightly shook.

However, there was a drawback to rapid growth.

When I went to Femil’s room because she would not go out――.

“Auu! Uu! Auu~~~~~”

Femil grasped her chest and groaned as if to pant.

“Femil?!”

Laura placed a finger on her temples and accessed the Spring of Wisdom.

“It says.....it’s growth pain.”

“Growth pain?”

“When one levels up very rapidly, the level up would bring pain because the body is not able to adapt to the change.”

“By the way, how much was it raised?”

“Four levels.”

“It’s that painful with just four levels?!”

“Fu.....looks like it is, normally.”

“Although I raise my level by 10 just with breakfast?”

“It means that your skill is just that amazing!!”

“I see huh～.”

I nodded and returned to the topic.

“And so, is it right to understand that Femil’s condition is that her body is receiving damages?”

“In conclusion, yes.”

I reached out my hand to Femil.

“Heal.”

“Hau.....?”

“How about that?”

Femil said after she closed and opened her hands.

“I healed!”

“We can continue today’s training now?”

“Yes!!!”

“You’re really a cheat.....”

Laura got ambiguously amazed, but we went to the volcano.

For almost one week, I looked after Femil until her adventurer rank reached E-Rank.

And then, I said to Femil who raised her rank to E-Rank.

“You are fine now even by yourself, right?”

“Yes!!”

Femil bowed her head.

“Thank you very much! Kehma-sama!!!”

Her honorifics changed to 『-sama』 when I noticed it.

“I won’t forget the gratitude for this even if I die!!!

I will admire Kehma-sama even after I passed through the underworld and gained a new life!!!”

“That much, huh.....”

“Yes!!!”

Femil nodded cheerfully.

One week has passed.

I am taking a break in the inn with Laura.

Laura climbed on me on top of the bed.

“Do.....does it feel good? Kehma.”

“Yeah.”

I nodded.

Laura also moved her body slowly.

“nh! nh! nh!.....”

And there, there was somewhat a sexy voice, but we are not doing something R-18.  
It is just a massage.

Laura climbed on my back and pressed.

Well, if you say that it's only not sexy, well, her crotch and thighs are glued to my waist, and.....

Well.....

Un.

“It’s finished!”

“Feels like so.”

“Give me a reward〜! A reward〜!!”

Laura shook my knees after I sat with crossed legs.

“Yosh.”

I took out a box. Inside that were six takoyaki-like food.

It is fried round bread.

I picked it up using a toothpick and placed it to Laura's mouth.

“Delisciouuuusss~~~~~!!!”

Laura wriggled with a hand on her cheek.

It's cute.

This girl, she's really cute when she acts normal.

However, I could not help but pinch her cheek.

“Fumiiii~~~~~!!!”

I want to bully Laura when she is cheeky, but I also want to bully Laura when she is cute.

Although I'm speaking about myself, it is very troubling.

“Kehma, you bully.....”

She said with staring and teary eyes, but she is still lovely.

"I'll let you eat a special round bread with cream inside so forgive me."

“For real?!!”

“Yeah, for real.”

“Ehehee〜♥ Kehmaa〜. I like you so much〜♥”

However, she immediately became full of smiles and stuck her cheeks to me.

Haaa〜.....how cute〜. This damn useless goddess.

I could not help but embrace her back and make cuteness out of her from the bottom of my heart.

And when we were flirting like that――.

“Kehma-sama!!!”

Femil opened the door.

“Ah! W-Were you in the middle of your business?”

“Don’t worry, it’s alright.”

“Yes!!”

Femil replied cheerfully and entered the room.

“Thanks to Kehma-sama, after I raised my rank to E-Rank, I finished an E-Rank quest!!”

She sat on the floor and took out gold coins from her bag.

“It is three gold coins! It means that it is 3000 Barse!!”

“I guess so.”

“Please take it!!”

“What about Femil’s living?”

“You worry about me.....!”

“I would normally right?!!”

“How kind.....!”

“It’s just normal right?!!”

“The past me, she was not even treated normally.....!”

Femil grasped her chest and looked at me with deeply moved eyes.

After somewhat being unable to withstand that, I let Laura eat a fried round bread.

*MoguMoguMogu*, Laura chewed and swallowed.

“I think that, Kehma has done an amazing thing you know? I’ll just say that.”

That is true, if it was summarized.

- I saved her from a vicious customer’s unreasonable demand.
- I let her learn Ice Needle in the situation where she could only use Fire Ball.
- I strengthened her Fire Ball.
- I looked after her until she became decently strong.

Putting it objectively, I think that it’s an amazing thing too.

By the way, Femil’s level is like this right now.

Name: Femil Crocket

Job: Red Magician

Level: 32

HP: 137/137

MP: 360/411

Strength: 60

Vitality: 66

Agility: 166

Magic Powers: 471

Main Skill

Ice Needle LV2 41/150

Flame Magic LV2 8/150

It is almost twice compared to when we just met.

It seems like it is growth that would normally take two to three years.

The Guild’s Onee-san got surprised and widened her eyes.

By the way, the average Red Magician is like this.

Name: Average Level 32 Red Magician

HP: 130/130  
MP: 177/177  
Strength: 64  
Vitality: 67  
Agility: 132  
Magic Powers: 189

Femil's parameters like Strength and Vitality do not have that much difference from the average, but she has more than twice of their Magic Powers and MP. She is really an amazing talent. If this continues, I think that she will become a famous magician.

"Kehma-sama.....?"

I returned to myself after being called by Femil.

"Is all of this money, all that you earned today?"

"I took 500 Barse just for the inn's rent and food expenses!!"

"That's all?"

"Yes!!!"

"What about clothes or equipment.....?"

"I do not need them!"

"What about food or dessert other than the inn's.....?"

"I will not eat them!"

Are you serious?!!

"If I have money that I can use for myself, I want to serve Kehma-sama even if it is 1 Barse desuu~~~~! Hauu~~~~~n."

Femil said a very admirable thing.

It is already not an exaggeration to say that she's my Believer.

“It feels like when I ask you to let me see your panties, you would really do so.....”

“Hauu?!!”

“Eh?!!”

Oh shit.

My true feelings instinctively leaked as mutterings.

Femil had flushed face as if she soaked in hot springs and said.

“Does Kehma-sama, like.....panties?”

“Well, pretty much.”

“You’re really, a pervert.....”

The goddess Laura muttered as if to sulk.

“I won’t deny that.”

I embraced Laura from behind and kneaded her breast.

“Kyaa!!”

Laura raised a scream, but she did not resist.

“Oh really, you idiot..... ecchi.

If you’re not my Believer, I’ll kill you with a kick at least three times you know.....?  
Ahn!”

Even so, letting me touch her just because I’m a Believer, my Laura’s really a goddess.

“And so, is Femil going to show me her panties?”

“I am, very sorry.....”

“n?”

Femil slowly stood up and showed her back to me.

She walked towards the walk and put her hands on her skirt while she keeps her back to me.

What appeared was――.

Butt.

It was the raw butt itself without the cloth called panties.

Femil returned her skirt and said.

“It is like this, so..... I cannot let you see, my panties.....”

“Why aren’t you wearing one?!!”

“The only panties that I have, I have offered it to Kehma-sama, so.....”

“It means that, you weren’t wearing panties up until now?!!”

“Yes.....”

Femil nodded fidgeting while she rubbed her thighs.

I bought panties and gave it to the two girls.
